FINANCE DEPARTMENT.

NOTIFICATIONS.

New Delhi, the 10th April 1930.

No. F.-31-R.I|30.—The following Resolution by the Secretary of State in Council is published for general information:—

In exercise of the powers conferred by sub-section (*2*) of section 96B of the Government of India Act, the Secretary of State, with the concurrence of the majority of votes at a meeting of the Council of India held this 18th day of March 1930, hereby makes the following amendments in the Fundamental Rules, namely:—

I. In rule 9 of the said rules—

(1) In sub-clause (*a*) of clause (*23*), after the word "pay" where it occurs for the first time, the words "in respect of a permanent post other than a tenure post" shall be inserted, and for the word "his" the word "such" shall be substituted.

(2) For clause (*28*) of the said rule, the following shall be substituted, namely:—

"Substantive pay means the pay other than special pay, personal pay or emoluments classed as pay by the Governor General in Council under rule 9 (*21*) (*a*) (*iii*), to which a Government servant is entitled on account of a post to which he has been appointed substantively or by reasons of his substantive position in a cadre."

(3) After clause (*30*) of the said rule, the following shall be inserted, namely:—

"(30 *a*) Tenure post means a permanent post which an individual Government servant may not hold for more than a limited period.

NOTE.—In case of doubt a Local Government may decide whether a particular post is or is not a tenure post."

(4) Clause (*31*) of the said rule shall be lettered "(*a*)", and the following shall be added, namely:—

"(*b*) Time-scales are said to be identical if the minimum, the maximum, the period of increment and the rate of increment of the time-scales are identical.

"(*c*) A post is said to be on the same time-scales as another post on a time-scale if the two time-scales are identical and the posts fall within a cadre, or a class in a cadre, such cadre or class having been created in order to fill all posts involving duties of approximately the same character or degree of responsibility, in a service or establishment or group of establishments; so that the pay of the holder of any particular post is determined by his position in the cadre or class and not by the fact that he holds that post."

II. In rule 21 of the said rules, for the figure "32" figure "31" shall be substituted.

III. For rule 22 of the said rules, the following shall be substituted, namely:—

"The initial substantive pay of a Government servant who is appointed substantively to a post on a time-scale of pay is regulated as follows:—

(*a*) If he holds a lien on a permanent post, other than a tenure post, or would hold a lien on such a post had his lien not been suspended under rule 13—

(*i*) when appointment to the new post involves the assumption of duties or responsibilities of greater importance (as interpreted for the purposes of rule 30) than those attaching to such permanent post, he will draw as initial pay the stage of the time-scale next above his substantive pay in respect of the old post;

(*ii*) when appointment to the new post does not involve such assumption, he will draw as initial pay the stage of the time-scale which is equal to his substantive pay in respect of the old post, or, if there is no such stage, the stage next below that pay, *plus* personal pay equal to the difference, and in either case will continue to draw that pay until such time as he would have received an increment is earned in the time-scale of the new post, whichever is less.

(*b*) If the conditions prescribed in clause (*a*) are not fulfilled, he will draw as initial pay the minimum of the time-scale.

Provided, both in cases covered by clause (*a*) and in those covered by clause (*b*), that if he either—

(1) has previously held substantively or officiated in—

(*i*) the same post, or

(*ii*) a permanent or temporary post on the same time-scale, or

(*iii*) a permanent post, other than a tenure post, on an identical time-scale, or a temporary post on an identical time-scale, such post being on the time-scale as a permanent post; or

(2) is appointed substantively to a tenure post on a time-scale identical with that of another tenure post which he has previously held substantively or in which he has previously officiated,

then the initial pay shall not be less than the pay, other than special pay, personal pay or emoluments classed as pay by the Governor-General in Council under rule 9 (*21*) (*a*) (*iii*), which he drew on the last such occasion, and he shall count for increments the period during which he drew that pay on such last and any previous occasions.

NOTE 1.—If the Government servant is entitled to overseas pay in the new post but was not drawing overseas pay in the old post, the overseas pay in the new post shall not be

taken into account in determining the stage in the time-scale of the new post to which he is entitled under clause (*a*).

NOTE 2.—For the purposes of this rule sterling overseas pay shall be converted into rupees at such rate of exchange as the Secretary of State in Council may by order prescribe."

IV. In rule 26 of the said rules—

(1) In clause (*a*), for the words "to which a time-scale applies" the words "on a time-scale" shall be substituted.

(2) At the end of clause (*c*) of the said rule, the following shall be added, namely:—

"This clause applies also to a Government servant who is not actually officiating in the lower post at the time of his appointment to the higher post, but who would have so officiated had he not been appointed to the higher post."

V. In rule 30 of the said rules—

(1) For the first paragraph of clause (*1*), the following shall be substituted, namely:—

"Subject to the provisions of Chapter VI, a Government servant who is appointed to officiate in a post shall not draw pay higher than his substantive pay in respect of a permanent post, other than a tenure post, unless the post in which he is appointed to officiate is one of those enumerated in the schedule to this rule or unless the officiating appointment involves the assumption of duties and responsibilities of greater importance than those attaching to the post, other than a tenure post, on which he holds a lien or would hold a lien had his lien not been suspended under rule 13."

And in the second proviso to the said clause for the words "the extra allowance, if any" the words "any special pay" shall be substituted.

(2) For clause (*2*) of the said rule, the following shall be substituted, namely:—

"For the purpose of this rule, the officiating appointment shall not be deemed to involve the assumption of duties or responsibilities of greater importance if the post to which it is made is on the same scale of pay as the permanent post, other than a tenure post, on which he holds a lien or would hold a lien had his lien not been suspended under rule 13, or on a scale of pay identical therewith."

VI. For rule 31 of the said rules, the following shall be substituted, namely:—

"Subject to the provisions of rules 26 (*c*), 30 and 35, a Government servant officiating in a post will draw the presumptive pay of that post, provided that, if the presumptive pay of the permanent post on which he holds a lien or would hold a lien had his lien not been suspended under rule 13, should at any time be greater than the presumptive pay of the post in which he officiates, he will draw the presumptive pay of the permanent post."

VII. Rules 32 and 34 of the said rules shall be omitted.

Simla, the 19th April 1930.

No. F. 31-R.I|30.—The following should be added to the Resolution of the Secretary of State in Council published in the Government of India, Finance Department, Notification No. F. 31-R.I|30, dated the 10th April 1930:—

VIII. In Rule 100 of the said Rules in clause (*c*) for the words "permanent post for a fixed term" in both places where these words occur the words "tenure post" shall be substituted.

A. C. MCWATTERS,

If he differs from the views expressed in the report, he shall at the same time submit his remarks thereon, or, if he is not immediately able to do so, he shall, in his acknowledgment of the report, inform the Government Inspector of his intention to submit his remarks later. If the Agent or Manager desires to prosecute any person or persons, he shall immediately forward a copy of the report, together with a statement of the persons he wishes to prosecute, to the District Magistrate of the district in which the accident occurred, or to such other officer as the Local Government may appoint in this behalf.

17. Whenever the report of the Government Inspector points to the necessity for or suggests a change in any of the rules or in the system of working, the Agent or Manager shall, when acknowledging the report, intimate the action which has been taken, or which it is proposed to take, to prevent a recurrence of similar accidents, or shall inform the Government Inspector of his intention to report further on the Government Inspector's proposals.

18. (1) Whenever an accident, such as is described in section 83 of the Act, has occurred in the course of working a railway, the Agent or Manager shall cause an enquiry to be promptly made by a committee of railway officers (to be called a " joint enquiry ") for the thorough investigation of the causes which led to the accident:

Provided that such enquiry may be dispensed with—

(*a*) if an enquiry is to be held by the Government Inspector under rule 7;

(*b*) if the accident has not been attended with loss of human life, or with grievous hurt as defined in the Indian Penal Code, or with serious injury to property; or

(*c*) if there is no reasonable doubt as to the cause of the accident; or

(*d*) if one department of the railway intimates that it accepts all responsibility in the matter.

(2) Where such enquiry is dispensed with, it shall be the duty of the head of the department of the railway responsible for the accident to make such enquiry (to be called a " departmental enquiry ") as he may consider necessary and if his staff or the system of working is at fault, to adopt or suggest such measures as he may consider expedient for preventing a recurrence of similar accidents.

19. (1) Whenever a joint enquiry is to be made, the Agent or Manager shall cause notice of the date and hour, at which the enquiry will commence, to be given to the following officers, namely:—

(*a*) the District Magistrate of the district in which the accident occurred, or such other officer as the Local Government may appoint in this behalf, the Superintendent of Railway Police and the District Superintendent of Police;

(*b*) the Government Inspector for the section of the railway on which the accident occurred; and

(*c*) the officer-in-charge of the railway police, or if there are no railway police, the officer-in-charge of the police-station in the jurisdiction of which the accident occurred.

(2) The date and hour at which the enquiry will commence shall be fixed, so as to give the officers mentioned in sub-rule (1) sufficient time to reach the place where the enquiry is to be held.

20. (1) As soon as any joint or departmental enquiry has been completed, the President of the Committee or the head of the department, as the case may be, shall send to the Agent or Manager a report which in the case of all accidents of the nature described in the explanation to rule 6 must be submitted in the form prescribed by sub-rule (1) of rule 9.

(2) The Agent or Manager shall forward, with his remarks as to the action it is intended to take in regard to the staff responsible for the accident, or for the revision of the rules or the system of working, a copy of such report:—

(*a*) to the Government Inspector for the section of the railway on which the accident occurred;

(*b*) if no enquiry or investigation has been made under rule 22 or if a joint or departmental enquiry has been held first, to the Magistrate or officer appointed under clause (*a*) of sub-rule (1) of rule 19; and

(*c*) if any judicial enquiry is being made, to the Magistrate making such enquiry.

(3) Such copy shall be accompanied in the case referred to in clause (*b*) of sub-rule (2), by a statement of the persons, if any, whom the Agent or Manager desires to prosecute, and in the case referred to in clause (*c*) of the same sub-rule, by a copy of the evidence taken at the enquiry.

21. A copy of reports of inquiries held on accidents not of the nature specified in section 83 of the Act, such as averted collisions, technical accidents, or breaches of block rules, shall be forwarded to the Government Inspector for the section of the railway on which the accident occurred.

Duties of Magistrates.

22. Whenever an accident, such as is described in section 83 of the Act, has occurred in the course of working a railway, the District Magistrate, or any other Magistrate, who may be appointed in this behalf by the Local Government, may, either—

(*a*) himself make an enquiry into the causes which led to the accident; or

(*b*) depute a subordinate Magistrate, who, if possible, should be a Magistrate of the first class, to make such an enquiry; or

(*c*) direct an investigation into the causes which led to the accident to be made by the police.

23. Whenever it is decided to make an enquiry under clause (*a*) or clause (*b*) of rule 22, the District Magistrate or other Magistrate appointed as aforesaid or the Magistrate deputed under clause (*b*) of rule 22, as the case may be, shall proceed to the scene of the accident and conduct the enquiry there, and shall at once advise the Agent or Manager of the railway and the Government Inspector by telegraph of the date and hour at which the enquiry will commence, so as to enable the railway administration to summon the requisite expert evidence.

24. A Magistrate, making an enquiry under rule 22, may summon any railway servant, and any other person whose presence he may think necessary, and, after taking the evidence and completing the enquiry, shall, if he considers there are sufficient grounds for a judicial enquiry, take the requisite steps for bringing to trial any person whom he may consider to be criminally liable for the accident. Whenever technical points are involved, the Magistrate should call for the opinion of the Government Inspector or other professional persons.

25. The result of every enquiry or investigation made under rule 22 shall be communicated by the Magistrate to the Agent or Manager of the railway and to the Government Inspector.

26. If, in the course of any judicial enquiry, into an accident occurring in the course of working a railway, the Magistrate desires the assistance of the Government Inspector or of the Agent or Manager of the railway, or the attendance of any officer of the railway, to explain any matter relating to railway supervision, management or working, he will issue a requisition to the Agent or Manager for the attendance at court of an officer competent to explain such matter, stating at the same time the nature of the assistance required. In summoning railway servants, the Magistrate will take care not to summon so large a number of the employees, especially of one class, on the same day, as to cause inconvenience to the working of the railway. In the case of very serious accidents it will generally be advisable for the Magistrate to obtain a report, from both the Government Inspector and the Agent or Manager of the railway, in regard to the accident, before finally concluding the judicial enquiry.

27. On the conclusion of any such judicial enquiry the Magistrate shall send a copy of his decision to the Agent or Manager of the railway, and to the Government Inspector, and shall, unless in any case he thinks it unnecessary to do so, report the result of the enquiry to the Local Government.

Duties of Police Officers.

28. (1) The railway police may make an investigation into the causes which led to any accident occurring in the course of working a railway and shall do so—

(*a*) whenever any such accident is attended with loss of human life, or with grievous hurt as defined in the Indian Penal Code, or with serious injury to property, or has *prima facie* been due to any criminal act or omission; or

(*b*) whenever the District Magistrate or the Magistrate appointed under rule 22 has given a direction under clause (*c*) of that rule:

Provided that no such investigation shall be made when an enquiry has been commenced or ordered under clause (*a*) or clause (*b*) of rule 22.

(2) The railway police shall report, with as little delay as possible, to the nearest Station-master or, where there is no Station-master, to the railway servant in charge of the section of the railway on which the accident has occurred, every accident which may come to their notice occurring in the course of working a railway attended with loss of human life, or with grievous hurt as defined in the Indian Penal Code, or with serious injury to property, or which has *prima facie* been due to any criminal act or omission.

29. (1) Whenever an investigation is to be made by the railway police—

(*a*) in a case in which an accident is attended with loss of human life or with grievous hurt as defined in the Indian Penal Code, or with serious injury to property; or

(*b*) in pursuance of direction given under clause (*c*) of rule 22,

Provided that the investigation may be carried out by an officer-in-charge of a police station—

The absence of a railway official must not, however, be allowed to delay the investigation, which should be made as soon as possible after the accident has taken place.

31. Simla, the 21st April 1930.

No. 257-H.—The following Regulations, respecting Foreign Orders and Medals, which have been recently revised by Command of His Majesty the King-Emperor of India, are published for general information. These Regulations supersede those published in the notification by the Government of India in the Foreign and Political Department, No. 310-H., dated the 22nd May 1928:—

A

Regulations respecting Foreign Orders and Medals applicable to Persons in the Service of the Crown.

Orders.

1. NO person in the Service of the Crown shall accept or wear the Insignia of any Foreign Order without having previously obtained His Majesty's permission to do so, signified either:

(*a*) By Warrant under the Royal Sign-Manual, or

(*b*) By restricted permission conveyed through the Keeper of His Majesty's Privy Purse.

2. When permission is given by Warrant under the Royal Sign-Manual, the Insignia of the Foreign Order may be worn at all times and without any restriction.

When restricted permission is given the Insignia may only be worn on the occasions specified in the terms of the letter from the Keeper of His Majesty's Privy Purse conveying the Royal sanction.

3. Full and unrestricted permission by Warrant under the Royal Sign-Manual is contemplated in the following cases:—

For a Decoration conferred—

4. Restricted permission is particularly contemplated for Decorations which have been conferred in recognition of personal attention to a foreign Sovereign, the Head of Foreign State, or a member of a foreign Royal Family, on the occasion of State or official visits by such personages.

5. Restricted permission will also be given for Decorations conferred in the following cases:—

(1) On British Ambassadors or Ministers abroad when the King pays a State visit to the country to which they are accredited;

(*Note.*—A State visit is defined as one on which the King is accompanied by a Minister or High Official in attendance.)

Restricted permission will *not* be given to—

(*a*) British Ambassadors or Ministers abroad when leaving;

(*b*) British Officers attending Foreign Manœuvres;

(*c*) Naval Officers of British Squadrons visiting Foreign Waters.

6. Both in the case of full and of restricted permission the matter will be submitted to the King by His Majesty's Principal Secretary of State for Foreign Affairs, who shall be under no obligation to consider applications for permission unless the desire of the Head of a Foreign State to confer upon a British subject the Insignia of an Order is notified to him before the Order is conferred, either through the British Diplomatic Representative accredited to the Head of the Foreign State, or through the Diplomatic Representative of the latter at the Court of St. James.

In no case can applications be considered in respect of decorations conferred more than five years previously, or offered in connexion with services or events so long prior to the nomination.

7. When His Majesty's Principal Secretary of State for Foreign Affairs shall have taken the King's pleasure on any such application, and shall have obtained His Majesty's permission for the person in whose favour it has been made to wear the Insignia of a Foreign Order, he shall signify the same to His Majesty's Principal Secretary of State for the Home Department, in order that he may cause a Warrant, if it be a case for the issue of a Warrant as defined in Rule 2, to be prepared for the Royal Sign-Manual.

When such Warrant shall have been signed by the King, a notification thereof shall be inserted in the "Gazette."

Persons in whose favour such Warrants are issued will be required to pay to His Majesty's Principal Secretary of State for the Home Department a stamp duty of 10*s*.

8. The Warrant signifying His Majesty's permission may, at the request and at the expense of the person who has obtained it, be registered in the College of Arms. Every such Warrant as aforesaid shall contain a clause providing that His Majesty's licence and permission does not authorise the assumption of any style, appellation, rank, precedence, or privilege appertaining to a Knight Bachelor of His Majesty's Realms.

Medals.

9. Medals, with the exceptions specified below, and State decorations not carrying membership of an Order of Chivalry, are subject to the Regulations in the same manner as Orders, but permission is given by Letter and not by Royal Warrant.

When restricted permission is given the Insignia may only be worn on the occasions specified in the terms of the letter from the Keeper of His Majesty's Privy Purse conveying the Royal sanction.

3. Full and unrestricted permission by Warrant under the Royal Sign-Manual will only be given in the case of Decorations earned by services in the salaried employment of the foreign Government concerned, by honorary consular services of not less than three years duration, or by distinguished services in the saving of life.

Such services must have been rendered, at least in part, within the period of five years immediately preceding the notification prescribed by Rule 5 below.

4. Restricted permission will ordinarily be given in all other cases, except where considerations of general policy or public interest must be held to preclude permission; provided, however, that such permission shall not be given in the case of Decorations conferred or offered more than five years before the date of application for permission, and, further, that the bestowal of the Decoration has been made the subject of an official communication through one of the channels prescribed in Rule 5.

5. Both in the case of full and of restricted permission the matter will be submitted to the King by His Majesty's Principal Secretary of State for Foreign Affairs, who shall be under no obligation to consider applications for permission unless the desire of the Head of a Foreign State to confer upon a British subject the Insignia of an Order is notified to him before the Order is conferred, either through the British Diplomatic Representative accredited to the Head of the Foreign State, or through the Diplomatic representative of the latter at the Court of St. James.

6. When His Majesty's principal Secretary of State for Foreign Affairs shall have taken the King's pleasure on any such application, and shall have obtained His Majesty's permission for the person in whose favour it has been made to wear the Insignia of a Foreign Order, he shall signify the same to His Majesty's Principal Secretary of State for the Home Department, in order that he may cause a Warrant, if it be a case for the issue of a Warrant as defined in Rule 2, to be prepared for the Royal Sign-Manual.

When such Warrant shall have been signed by the King, a notification thereof shall be inserted in the "Gazette."

Persons in whose favour such Warrants are issued will be required to pay to His Majesty's Principal Secretary of State for the Home Department a stamp duty of 10*s*.

7. The Warrant signifying His Majesty's permission may, at the request and at the expense of the person who has obtained it, be registered in the College of Arms. Every such Warrant as aforesaid shall contain a clause providing that His Majesty's licence and permission does not authorise the assumption of any style, appellation, rank, precedence, or privilege appertaining to a Knight Bachelor of His Majesty's Realms.

Medals.

8. Medals, with the exceptions specified below, and State decorations not carrying membership of an Order of Chivalry, are subject to the Regulations in the same manner as Orders, but permission to wear is given by Letter and not by Royal Warrant. No permission is needed to accept a Foreign Medal if it is not to be worn.

9. Medals for saving or attempting to save life at sea or on land, whether conferred on behalf of the Head or Government of a Foreign State or by private Life Saving Societies or Institutions, may be accepted and worn without restriction.

Applications for His Majesty's permission to wear other Medals conferred by Private Societies or Institutions, and Commemorative Medals, cannot be entertained.

10. His Majesty will not grant permission to wear any Foreign War Medal if the person on whom it is to be or has been conferred was during the war acting in contravention of the Foreign Enlistment Act.

CHAPTER I.

PRELIMINARY.

Short title, extent and commencement.

1. (*1*) This Act may be called the Indian Sale of Goods Act, 1930.

(*2*) It extends to the whole of British India, including British Baluchistan and the Sonthal Parganas.

(*3*) It shall come into force on the first day of July, 1930.

Definitions.

2. In this Act, unless there is anything repugnant in the subject or context,—

(*1*) "buyer" means a person who buys or agrees to buy goods;

(*2*) "delivery" means voluntary transfer of possession from one person to another;

(*3*) goods are said to be in a "deliverable state" when they are in such state that the buyer would under the contract be bound to take delivery of them;

(*4*) "document of title to goods" includes a bill of lading, dock-warrant, warehouse keeper's certificate, wharfingers' certificate, railway receipt, warrant or order for the delivery of goods, and any other document used in the ordinary course of business as proof of the possession or control of goods, or authorising or purporting to authorise, either by endorsement or by delivery, the possessor of the document to transfer or receive goods thereby represented;

(*5*) "fault" means wrongful act or default;

(*6*) "future goods" means goods to be manufactured or produced or acquired by the seller after the making of the contract of sale;

(7) "goods" means every kind of moveable property other than actionable claims and money; and includes stock and shares, growing crops, grass, and things attached to or forming part of the land which are agreed to be severed before sale or under the contract of sale;

(8) a person is said to be "insolvent" who has ceased to pay his debts in the ordinary course of business, or cannot pay his debts as they become due, whether he has committed an act of insolvency or not;

(9) "mercantile agent" means a mercantile agent having in the customary course of business as such agent authority either to sell goods, or to consign goods for the purposes of sale, or to buy goods, or to raise money on the security of goods;

(10) "price" means the money consideration for a sale of goods;

(11) "property" means the general property in goods, and not merely a special property;

(12) "quality of goods" includes their state or condition;

(13) "seller" means a person who sells or agrees to sell goods;

(14) "specific goods" means goods identified and agreed upon at the time a contract of sale is made; and

(15) expressions used but not defined in this Act and defined in the Indian Contract Act, 1872, have the meanings assigned to them in that Act. IX of 1872.

Application of provisions of Act IX of 1872.

3. The unrepealed provisions of the Indian Contract Act, 1872, save in so far as they are inconsistent with the express provisions of this Act, shall continue to apply to contracts for the sale of goods. IX of 1872.

CHAPTER II.

FORMATION OF THE CONTRACT.

Contract of Sale.

Sale and agreement to sell.

4. (1) A contract of sale of goods is a contract whereby the seller transfers or agrees to transfer the property in goods to the buyer for a price. There may be a contract of sale between one part-owner and another.

(2) A contract of sale may be absolute or conditional.

(3) Where under a contract of sale the property in the goods is transferred from the seller to the buyer, the contract is called a sale, but where the transfer of the property in the goods is to take place at a future time or subject to some condition thereafter to be fulfilled, the contract is called an agreement to sell.

(4) An agreement to sell becomes a sale when the time elapses or the conditions are fulfilled subject to which the property in the goods is to be transferred.

Formalities of the Contract.

Contract of sale how made.

5. (1) A contract of sale is made by an offer to buy or sell goods for a price and the acceptance of such offer. The contract may provide for the immediate delivery of the goods or immediate payment of the price or both, or for the delivery or payment by instalments, or that the delivery or payment or both shall be postponed.

(2) Subject to the provisions of any law for the time being in force, a contract of sale may be made in writing or by word of mouth, or partly in writing and partly by word of mouth or may be implied from the conduct of the parties.

Subject-matter of Contract.

Existing or future goods.

6. (1) The goods which form the subject of a contract of sale may be either existing goods, owned or possessed by the seller, or future goods.

(2) There may be a contract for the sale of goods the acquisition of which by the seller depends upon a contingency which may or may not happen.

(3) Where by a contract of sale the seller purports to effect a present sale of future goods, the contract operates as an agreement to sell the goods.

Goods perishing before making of contract.

7. Where there is a contract for the sale of specific goods, the contract is void if the goods without the knowledge of the seller have, at the time when the contract was made, perished or become so damaged as no longer to answer to their description in the contract.

Goods perishing before sale but after agreement to sell.

8. Where there is an agreement to sell specific goods, and subsequently the goods without any fault on the part of the seller or buyer perish or become so damaged as no longer to answer to their description in the agreement before the risk passes to the buyer, the agreement is thereby avoided.

The Price.

Ascertainment of price.

9. (*1*) The price in a contract of sale may be fixed by the contract or may be left to be fixed in manner thereby agreed or may be determined by the course of dealing between the parties.

(*2*) Where the price is not determined in accordance with the foregoing provisions, the buyer shall pay the seller a reasonable price. What is a reasonable price is a question of fact dependent on the circumstances of each particular case.

Agreement to sell at valuation.

10. (*1*) Where there is an agreement to sell goods on the terms that the price is to be fixed by the valuation of a third party and such third party cannot or does not make such valuation, the agreement is thereby avoided:

Provided that, if the goods or any part thereof have been delivered to, and appropriated by, the buyer, he shall pay a reasonable price therefor.

(*2*) Where such third party is prevented from making the valuation by the fault of the seller or buyer, the party not in fault may maintain a suit for damages against the party in fault.

Conditions and Warranties.

Stipulations as to time.

11. Unless a different intention appears from the terms of the contract, stipulations as to time of payment are not deemed to be of the essence of a contract of sale. Whether any other stipulation as to time is of the essence of the contract or not depends on the terms of the contract.

Condition and warranty.

12. (*1*) A stipulation in a contract of sale with reference to goods which are the subject thereof may be a condition or a warranty.

(*2*) A condition is a stipulation essential to the main purpose of the contract, the breach of which gives rise to a right to treat the contract as repudiated.

(*3*) A warranty is a stipulation collateral to the main purpose of the contract, the breach of which gives rise to a claim for damages but not to a right to reject the goods and treat the contract as repudiated.

(*4*) Whether a stipulation in a contract of sale is a condition or a warranty depends in each case on the construction of the contract. A stipulation may be a condition, though called a warranty in the contract.

When condition to be treated as warranty.

13. (*1*) Where a contract of sale is subject to any condition to be fulfilled by the seller, the buyer may waive the condition or elect to treat the breach of the condition as a breach of warranty and not as a ground for treating the contract as repudiated.

(*2*) Where a contract of sale is not severable and the buyer has accepted the goods or part thereof, or where the contract is for specific goods the property in which has passed to the buyer, the breach of any condition to be fulfilled by the seller can only be treated as a breach of warranty and not as a ground for rejecting the goods and treating the contract as repudiated, unless there is a term of the contract, express or implied, to that effect.

(*3*) Nothing in this section shall affect the case of any condition or warranty fulfilment of which is excused by law by reason of impossibility or otherwise.

Implied undertaking as to title, etc.

14. In a contract of sale, unless the circumstances of the contract are such as to show a different intention there is—

(*a*) an implied condition on the part of the seller that, in the case of a sale, he has a right to sell the goods and that, in the case of an agreement to sell, he will have a right to sell the goods at the time when the property is to pass;

(*b*) an implied warranty that the buyer shall have and enjoy quiet possession of the goods;

(*c*) an implied warranty that the goods shall be free from any charge or encumbrance in favour of any third party not declared or known to the buyer before or at the time when the contract is made.

Sale by description.

15. Where there is a contract for the sale of goods by description, there is an implied condition that the goods shall correspond with the description; and, if the sale is by sample as well as by description, it is not sufficient that the bulk of the goods corresponds with the sample if the goods do not also correspond with the description.

Implied conditions as to quality or fitness.

16. Subject to the provisions of this Act and of any other law for the time being in force, there is no implied warranty or condition as to the quality or fitness for any particular purpose of goods supplied under a contract of sale, except as follows:—

(*1*) Where the buyer, expressly or by implication, makes known to the seller the particular purpose for which the goods are required, so as to show that the buyer relies on the seller's skill or judgment, and the goods are of a description which it is in the course of the seller's business to supply (whether he is the manufacturer or producer or not), there is an implied condition that the goods shall be reasonably fit for such purpose:

Provided that, in the case of a contract for the sale of a specified article under its patent or other trade name, there is no implied condition as to its fitness for any particular purpose.

(*2*) Where goods are bought by description from a seller who deals in goods of that description (whether he is the manufacturer or producer or not), there is an implied condition that the goods shall be of merchantable quality:

Provided that, if the buyer has examined the goods, there shall be no implied condition as regards defects which such examination ought to have revealed.

(*3*) An implied warranty or condition as to quality or fitness for a particular purpose may be annexed by the usage of trade.

(*4*) An express warranty or condition does not negative a warranty or condition implied by this Act unless inconsistent therewith.

Sale by sample.

17. (*1*) A contract of sale is a contract for sale by sample where there is a term in the contract, express or implied, to that effect.

(*2*) In the case of a contract for sale by sample there is an implied condition—

(*a*) that the bulk shall correspond with the sample in quality;

(*b*) that the buyer shall have a reasonable opportunity of comparing the bulk with the sample;

(*c*) that the goods shall be free from any defect, rendering them unmerchantable, which would not be apparent on reasonable examination of the sample.

CHAPTER III.

EFFECTS OF THE CONTRACT.

Transfer of property as between seller and buyer.

Goods must be ascertained.

18. Where there is a contract for the sale of unascertained goods, no property in the goods is transferred to the buyer unless and until the goods are ascertained.

Property passes when intended to pass.

19. (*1*) Where there is a contract for the sale of specific or ascertained goods the property in them is transferred to the buyer at such time as the parties to the contract intend it to be transferred.

(*2*) For the purpose of ascertaining the intention of the parties regard shall be had to the terms of the contract, the conduct of the parties and the circumstances of the case.

(*3*) Unless a different intention appears, the rules contained in sections 20 to 24 are rules for ascertaining the intention of the parties as to the time at which the property in the goods is to pass to the buyer.

Specific goods in a deliverable state.

20. Where there is an unconditional contract for the sale of specific goods in a deliverable state, the property in the goods passes to the buyer when the contract is made, and it is immaterial whether the time of payment of the price or the time of delivery of the goods, or both, is postponed.

Specific goods to be put into a deliverable state.

21. Where there is a contract for the sale of specific goods and the seller is bound to do something to the goods for the purpose of putting them into a deliverable state, the property does not pass until such thing is done and the buyer has notice thereof.

Specific goods in a deliverable state, when the seller has to do anything thereto in order to ascertain price.

22. Where there is a contract for the sale of specific goods in a deliverable state, but the seller is bound to weigh, measure, test or do some other act or thing with reference to the goods for the purpose of ascertaining the price, the property does not pass until such act or thing is done and the buyer has notice thereof.

Sale of unascertained goods and appropriation.

23. (*1*) Where there is a contract for the sale of unascertained or future goods by description and goods of that description and in a deliverable state are unconditionally appropriated to the contract, either by the seller with the assent of the buyer or by the buyer with the assent of the seller, the property in the goods thereupon passes to the buyer. Such assent may be express or implied, and may be given either before or after the appropriation is made.

Delivery to carrier.

(*2*) Where, in pursuance of the contract, the seller delivers the goods to the buyer or to a carrier or other bailee (whether named by the buyer or not) for the purpose of transmission to the buyer, and does not reserve the right of disposal, he is deemed to have unconditionally appropriated the goods to the contract.

Goods sent on approval or "on sale or return."

24. When goods are delivered to the buyer on approval or "on sale or return" or other similar terms, the property therein passes to the buyer—

(*a*) when he signifies his approval or acceptance to the seller or does any other act adopting the transaction;

(*b*) if he does not signify his approval or acceptance to the seller but retains the goods without giving notice of rejection, then, if a time has been fixed for the return of the goods, on the expiration of such time, and, if no time has been fixed, on the expiration of a reasonable time.

Reservation of right of disposal.

25. (*1*) Where there is a contract for the sale of specific goods or where goods are subsequently appropriated to the contract, the seller may, by the terms of the contract or appropriation, reserve the right of disposal of the goods until certain conditions are fulfilled. In such case, notwithstanding the delivery of the goods to a buyer, or to a carrier or other bailee for the purpose of transmission to the buyer, the property in the goods does not pass to the buyer until the conditions imposed by the seller are fulfilled.

(*2*) Where goods are shipped and by the bill of lading the goods are deliverable to the order of the seller or his agent, the seller is *prima facie* deemed to reserve the right of disposal.

(*3*) Where the seller of goods draws on the buyer for the price and transmits the bill of exchange and bill of lading to the buyer together, to secure acceptance or payment of the bill of exchange, the buyer is bound to return the bill of lading if he does not honour the bill of exchange and if he wrongfully retains the bill of lading the property in the goods does not pass to him.

Risk *prima facie* passes with property.

26. Unless otherwise agreed, the goods remain at the seller's risk until the property therein is transferred to the buyer, but when the property therein is transferred to the buyer, the goods are at the buyer's risk whether delivery has been made or not:

Provided that, where delivery has been delayed through the fault of either buyer or seller, the goods are at the risk of the party in fault as regards any loss which might not have occurred but for such fault:

Provided also that nothing in this section shall affect the duties or liabilities of either seller or buyer as a bailee of the goods of the other party.

Transfer of title.

Sale by person not the owner.

27. Subject to the provisions of this Act and of any other law for the time being in force, where goods are sold by a person who is not the owner thereof and who does not sell them under the authority or with the consent of the owner, the buyer acquires no better title to the goods than the seller had, unless the owner of the goods is by his conduct precluded from denying the seller's authority to sell:

Provided that, where a mercantile agent is, with the consent of the owner, in possession of the goods or of a document of title to the goods; any sale made by him, when acting in the ordinary course of business of a mercantile agent, shall be as valid as if he were expressly authorised by the owner of the goods to make the same; provided that the buyer acts in good faith and has not at the time of the contract of sale notice that the seller has not authority to sell.

Sale by one of joint owners

28. If one of several joint owners of goods has the sole possession of them by permission of the co-owners, the property in the goods is transferred to any person who buys them of such joint owner in good faith and has not at the time of the contract of sale notice that the seller has not authority to sell.

Sale by person in possession under voidable contract.

29. When the seller of goods has obtained possession thereof under a contract voidable under section 19 or section 19A of the Indian Contract Act, 1872, but the contract has not been rescinded at the time of the sale, the buyer acquires a good title to the goods, provided he buys them in good faith and without notice of the seller's defect of title. IX of 1872.

Seller or buyer in possession after sale.

30. (*1*) Where a person, having sold goods, continues or is in possession of the goods or of the documents of title to the goods, the delivery or transfer by that person or by a mercantile agent acting for him, of the goods or documents of title under any sale, pledge or other disposition thereof to any person receiving the same in good faith and without notice of the previous sale shall have the same effect as if the person making the delivery or transfer were expressly authorised by the owner of the goods to make the same.

(*2*) Where a person, having bought or agreed to buy goods, obtains, with the consent of the seller, possession of the goods or the documents of title to the goods, the delivery or transfer by that person or by a mercantile agent acting for him, of the goods or documents of title under any sale, pledge or other disposition thereof to any person receiving the same in good faith and without notice of any lien or other right of the original seller in respect of the goods shall have effect as if such lien or right did not exist.

CHAPTER IV.

PERFORMANCE OF THE CONTRACT.

Duties of seller and buyer.

31. It is the duty of the seller to deliver the goods and of the buyer to accept and pay for them, in accordance with the terms of the contract of sale.

Payment and delivery are concurrent conditions.

32. Unless otherwise agreed, delivery of the goods and payment of the price are concurrent conditions, that is to say, the seller shall be ready and willing to give possession of the goods to the buyer in exchange for the price, and the buyer shall be ready and willing to pay the price in exchange for possession of the goods.

Delivery.

33. Delivery of goods sold may be made by doing anything which the parties agree shall be treated as delivery or which has the effect of putting the goods in the possession of the buyer or of any person authorised to hold them on his behalf.

Effect of part delivery.

34. A delivery of part of goods, in progress of the delivery of the whole, has the same effect, for the purpose of passing the property in such goods, as a delivery of the whole; but a delivery of part of the goods, with an intention of severing it from the whole, does not operate as a delivery of the remainder.

Buyer to apply for delivery.

35. Apart from any express contract, the seller of goods is not bound to deliver them until the buyer applies for delivery.

Rules as to delivery.

36. (*1*) Whether it is for the buyer to take possession of the goods or for the seller to send them to the buyer is a question depending in each case on the contract, express or implied, between the parties. Apart from any such contract, goods sold are to be delivered at the place at which they are at the time of the sale, and goods agreed to be sold are to be delivered at the place at which they are at the time of the agreement to sell, or, if not then in existence, at the place at which they are manufactured or produced.

(*2*) Where under the contract of sale the seller is bound to send the goods to the buyer, but no time for sending them is fixed, the seller is bound to send them within a reasonable time.

(*3*) Where the goods at the time of sale are in the possession of a third person, there is no delivery by seller to buyer unless and until such third person acknowledges to the buyer that he holds the goods on his behalf:

Provided that nothing in this section shall affect the operation of the issue or transfer of any document of title to goods.

(*4*) Demand or tender of delivery may be treated as ineffectual unless made at a reasonable hour. What is a reasonable hour is a question of fact.

(*5*) Unless otherwise agreed, the expenses of and incidental to putting the goods into a deliverable state shall be borne by the seller.

Delivery of wrong quantity.

37. (*1*) Where the seller delivers to the buyer a quantity of goods less than he contracted to sell, the buyer may reject them, but if the buyer accepts the goods so delivered he shall pay for them at the contract rate.

(*2*) Where the seller delivers to the buyer a quantity of goods larger than he contracted to sell, the buyer may accept the goods included in the contract and reject the rest, or he may reject the whole. If the buyer accepts the whole of the goods so delivered, he shall pay for them at the contract rate.

(*3*) Where the seller delivers to the buyer the goods he contracted to sell mixed with goods of a different description not included in the contract, the buyer may accept the goods which are in accordance with the contract and reject the rest, or may reject the whole.

(*4*) The provisions of this section are subject to any usage of trade, special agreement or course of dealing between the parties.

Instalment deliveries.

38. (*1*) Unless otherwise agreed, the buyer of goods is not bound to accept delivery thereof by instalments.

(*2*) Where there is a contract for the sale of goods to be delivered by stated instalments which are to be separately paid for, and the seller makes no delivery or defective delivery in respect of one or more instalments, or the buyer neglects or refuses to take delivery of or pay for one or more instalments, it is a question in each case depending on the terms of the contract and the circumstances of the case, whether the breach of contract is a repudiation of the whole contract, or whether it is a severable breach giving rise to a claim for compensation, but not to a right to treat the whole contract as repudiated.

Delivery to carrier or wharfinger.

39. (*1*) Where, in pursuance of a contract of sale, the seller is authorised or required to send the goods to the buyer, delivery of the goods to a carrier, whether named by the buyer or not, for the purpose of transmission to the buyer, or delivery of the goods to a wharfinger for safe custody, is *prima facie* deemed to be a delivery of the goods to the buyer.

(2) Unless otherwise authorised by the buyer, the seller shall make such contract with the carrier or wharfinger on behalf of the buyer as may be reasonable having regard to the nature of the goods and the other circumstances of the case. If the seller omits so to do, and the goods are lost or damaged in course of transit or whilst in the custody of the wharfinger, the buyer may decline to treat the delivery to the carrier or wharfinger as a delivery to himself, or may hold the seller responsible in damages.

(3) Unless otherwise agreed, where goods are sent by the seller to the buyer by a route involving sea transit, in circumstances in which it is usual to insure, the seller shall give such notice to the buyer as may enable him to insure them during their sea transit, and if the seller fails so to do, the goods shall be deemed to be at his risk during such sea transit.

Risk where goods are delivered at distant place.

40. Where the seller of goods agrees to deliver them at his own risk at a place other than that where they are when sold, the buyer shall, nevertheless, unless otherwise agreed, take any risk of deterioration in the goods necessarily incident to the course of transit.

Buyer's right of examining the goods.

41. (1) Where goods are delivered to the buyer which he has not previously examined, he is not deemed to have accepted them unless and until he has had a reasonable opportunity of examining them for the purpose of ascertaining whether they are in conformity with the contract.

(2) Unless otherwise agreed, when the seller tenders delivery of goods to the buyer, he is bound, on request, to afford the buyer a reasonable opportunity of examining the goods for the purpose of ascertaining whether they are in conformity with the contract.

Acceptance.

42. The buyer is deemed to have accepted the goods when he intimates to the seller that he has accepted them, or when the goods have been delivered to him and he does any act in relation to them which is inconsistent with the ownership of the seller, or when, after the lapse of a reasonable time, he retains the goods without intimating to the seller that he has rejected them.

Buyer not bound to return rejected goods.

43. Unless otherwise agreed, where goods are delivered to the buyer and he refuses to accept them, having the right so to do, he is not bound to return them to the seller, but it is sufficient if he intimates to the seller that he refuses to accept them.

Liability of buyer for neglecting or refusing delivery of goods.

44. When the seller is ready and willing to deliver the goods and requests the buyer to take delivery, and the buyer does not within a reasonable time after such request take delivery of the goods, he is liable to the seller for any loss occasioned by his neglect or refusal to take delivery, and also for a reasonable charge for the care and custody of the goods:

Provided that nothing in this section shall affect the rights of the seller where the neglect or refusal of the buyer to take delivery amounts to a repudiation of the contract.

CHAPTER V.

RIGHTS OF UNPAID SELLER AGAINST THE GOODS.

"Unpaid seller" defined.

45. (1) The seller of goods is deemed to be an "unpaid seller" within the meaning of this Act—

(a) when the whole of the price has not been paid or tendered;

(b) when a bill of exchange or other negotiable instrument has been received as conditional payment, and the condition on which it was received has not been fulfilled by reason of the dishonour of the instrument or otherwise.

(2) In this Chapter, the term "seller" includes any person who is in the position of a seller, as, for instance, an agent of the seller to whom the bill of lading has been indorsed, or a consignor or agent who has himself paid, or is directly responsible for, the price.

Unpaid seller's rights.

46. (*1*) Subject to the provisions of this Act and of any law for the time being in force, notwithstanding that the property in the goods may have passed to the buyer, the unpaid seller of goods, as such, has by implication of law—

(*a*) a lien on the goods for the price while he is in possession of them;

(*b*) in case of the insolvency of the buyer a right of stopping the goods in transit after he has parted with the possession of them;

(*c*) a right of resale as limited by this Act.

(*2*) Where the property in goods has not passed to the buyer, the unpaid seller has, in addition to his other remedies, a right of withholding delivery similar to and co-extensive with his rights of lien and stoppage in transit where the property has passed to the buyer.

Unpaid seller's lien.

Seller's lien.

47. (*1*) Subject to the provisions of this Act, the unpaid seller of goods who is in possession of them is entitled to retain possession of them until payment or tender of the price in the following cases, namely:—

(*a*) where the goods have been sold without any stipulation as to credit;

(*b*) where the goods have been sold on credit, but the term of credit has expired;

(*c*) where the buyer becomes insolvent.

(*2*) The seller may exercise his right of lien notwithstanding that he is in possession of the goods as agent or bailee for the buyer.

Part delivery.

48. Where an unpaid seller has made part delivery of the goods, he may exercise his right of lien on the remainder, unless such part delivery has been made under such circumstances as to show an agreement to waive the lien.

Termination of lien.

49. (*1*) The unpaid seller of goods loses his lien thereon—

(*a*) when he delivers the goods to a carrier or other bailee for the purpose of transmission to the buyer without reserving the right of disposal of the goods;

(*b*) when the buyer or his agent lawfully obtains possession of the goods;

(*c*) by waiver thereof.

(*2*) The unpaid seller of goods, having a lien thereon, does not lose his lien by reason only that he has obtained a decree for the price of the goods.

Stoppage in transit.

Right of stoppage in transit.

50. Subject to the provisions of this Act, when the buyer of goods becomes insolvent, the unpaid seller who has parted with the possession of the goods has the right of stopping them in transit, that is to say, he may resume possession of the goods as long as they are in the course of transit, and may retain them until payment or tender of the price.

Duration of transit

51. (*1*) Goods are deemed to be in course of transit from the time when they are delivered to a carrier or other bailee for the purpose of transmission to the buyer, until the buyer or his agent in that behalf takes delivery of them from such carrier or other bailee.

(*2*) If the buyer or his agent in that behalf obtains delivery of the goods before their arrival at the appointed destination, the transit is at an end.

(*3*) If, after the arrival of the goods at the appointed destination, the carrier or other bailee acknowledges to the buyer or his agent that he holds the goods on his behalf and continues in possession of them as bailee for the buyer or his agent, the transit is at an end and it is immaterial that a further destination for the goods may have been indicated by the buyer.

(*4*) If the goods are rejected by the buyer and the carrier or other bailee continues in possession of them, the transit is not deemed to be at an end, even if the seller has refused to receive them back.

(*5*) When goods are delivered to a ship chartered by the buyer, it is a question depending on the circumstances of the particular case, whether they are in the possession of the master as a carrier or as agent of the buyer.

(*6*) Where the carrier or other bailee wrongfully refuses to deliver the goods to the buyer or his agent in that behalf, the transit is deemed to be at an end.

(*7*) Where part delivery of the goods has been made to the buyer or his agent in that behalf, the remainder of the goods may be stopped in transit, unless such part delivery has been given in such circumstances as to show an agreement to give up possession of the whole of the goods.

How stoppage in transit is effected.

52. (*1*) The unpaid seller may exercise his right of stoppage in transit either by taking actual possession of the goods, or by giving notice of his claim to the carrier or other bailee in whose possession the goods are. Such notice may be given either to the person in actual possession of the goods or to his principal. In the latter case the notice, to be effectual, shall be given at such time and in such circumstances that the principal by the exercise of reasonable diligence, may communicate it to his servant or agent in time to prevent a delivery to the buyer.

(*2*) When notice of stoppage in transit is given by the seller to the carrier or other bailee in possession of the goods, he shall re-deliver the goods to, or according to the directions of, the seller. The expenses of such re-delivery shall be borne by the seller.

Transfer by buyer and seller.

Effect of sub-sale or pledge by buyer.

53. (*1*) Subject to the provisions of this Act, the unpaid seller's right of lien or stoppage in transit is not affected by any sale or other disposition of the goods which the buyer may have made, unless the seller has assented thereto:

Provided that where a document of title to goods has been issued or lawfully transferred to any person as buyer or owner of the goods, and that person transfers the document to a person who takes the document in good faith and for consideration, then, if such last mentioned transfer was by way of sale, the unpaid seller's right of lien or stoppage in transit is defeated, and, if such last mentioned transfer was by way of pledge or other disposition for value, the unpaid seller's right of lien or stoppage in transit can only be exercised subject to the rights of the transferee.

(*2*) Where the transfer is by way of pledge, the unpaid seller may require the pledgee to have the amount secured by the pledge satisfied in the first instance, as far as possible, out of any other goods or securities of the buyer in the hands of the pledgee and available against the buyer.

Sale not generally rescinded by lien or stoppage in transit.

54. (*1*) Subject to the provisions of this section, a contract of sale is not rescinded by the mere exercise by an unpaid seller of his right of lien or stoppage in transit.

(*2*) Where the goods are of a perishable nature, or where the unpaid seller who has exercised his right of lien or stoppage in transit gives notice to the buyer of his intention to re-sell, the unpaid seller may, if the buyer does not within a reasonable time pay or tender the price, re-sell the goods within a reasonable time and recover from the original buyer damages for any loss occasioned by his breach of contract, but the buyer shall not be entitled to any profit which may occur on the re-sale. If such notice is not given, the unpaid seller shall not be entitled to recover such damages and the buyer shall be entitled to the profit, if any, on the re-sale.

(*3*) Where an unpaid seller who has exercised his right of lien or stoppage in transit re-sells the goods, the buyer acquires a good title thereto as against the original buyer, notwithstanding that no notice of the re-sale has been given to the original buyer.

(*4*) Where the seller expressly reserves a right of re-sale in case the buyer should make default, and, on the buyer making default, re-sells the goods, the original contract of sale is thereby rescinded, but without prejudice to any claim which the seller may have for damages.

CHAPTER VI.

SUITS FOR BREACH OF THE CONTRACT.

Suit for price.

55. (*1*) Where under a contract of sale the property in the goods has passed to the buyer and the buyer wrongfully neglects or refuses to pay for the goods according to the terms of the contract, the seller may sue him for the price of the goods.

(*2*) Where under a contract of sale the price is payable on a day certain irrespective of delivery and the buyer wrongfully neglects or refuses to pay such price, the seller may sue him for the price although the property in the goods has not passed and the goods have not been appropriated to the contract.

Damages for non-acceptance.

56. Where the buyer wrongfully neglects or refuses to accept and pay for the goods, the seller may sue him for damages for non-acceptance.

Damages for non-delivery.

57. Where the seller wrongfully neglects or refuses to deliver the goods to the buyer, the buyer may sue the seller for damages for non-delivery.

Specific performance.

58. Subject to the provisions of Chapter II of the Specific Relief Act, 1877, in any suit for breach of contract to deliver specific or ascertained goods, the Court may, if it thinks fit, on the application of the plaintiff, by its decree direct that the contract shall be performed specifically, without giving the defendant the option of retaining the goods on payment of damages. The decree may be unconditional, or upon such terms and conditions as to damages, payment of the price or otherwise, as the Court may deem just, and the application of the plaintiff may be made at any time before the decree. I of 1877.

Remedy for breach of warranty.

59. (*1*) Where there is a breach of warranty by the seller, or where the buyer elects or is compelled to treat any breach of a condition on the part of the seller as a breach of warranty, the buyer is not by reason only of such breach of warranty entitled to reject the goods; but he may—

(*a*) set up against the seller the breach of warranty in diminution or extinction of the price; or

(*b*) sue the seller for damages for breach of warranty.

(*2*) The fact that a buyer has set up a breach of warranty in diminution or extinction of the price does not prevent him from suing for the same breach of warranty if he has suffered further damage.

Repudiation of contract before due date.

60. Where either party to a contract of sale repudiates the contract before the date of delivery, the other may either treat the contract as subsisting and wait till the date of delivery, or he may treat the contract as rescinded and sue for damages for the breach.

Interest by way of damages and special damages.

61. (*1*) Nothing in this Act shall affect the right of the seller or the buyer to recover interest or special damages in any case where by law interest or special damages may be recoverable, or to recover the money paid where the consideration for the payment of it has failed.

(*2*) In the absence of a contract to the contrary, the Court may award interest at such rate as it thinks fit on the amount of the price—

(*a*) to the seller in a suit by him for the amount of the price—from the date of the tender of the goods or from the date on which the price was payable;

(*b*) to the buyer in a suit by him for the refund of the price in a case of a breach of the contract on the part of the seller—from the date on which the payment was made.

CHAPTER VII.

MISCELLANEOUS.

Exclusion of implied terms and conditions.

62. Where any right, duty or liability would arise under a contract of sale by implication of law, it may be negatived or varied by express agreement or by the course of dealing between the parties, or by usage, if the usage is such as to bind both parties to the contract.

Reasonable time a question of fact.

63. Where in this Act any reference is made to a reasonable time, the question what is a reasonable time is a question of fact.

Auction sale.

64. In the case of a sale by auction—

(*1*) where goods are put up for sale in lots, each lot is *prima facie* deemed to be the subject of a separate contract of sale;

(*2*) the sale is complete when the auctioneer announces its completion by the fall of the hammer or in other customary manner; and, until such announcement is made, any bidder may retract his bid;

(*3*) a right to bid may be reserved expressly by or on behalf of the seller and, where such right is expressly so reserved, but not otherwise, the seller or any one person on his behalf may, subject to the provisions hereinafter contained, bid at the auction;

(*4*) where the sale is not notified to be subject to a right to bid on behalf of the seller, it shall not be lawful for the seller to bid himself or to employ any person to bid at such sale, or for the auctioneer knowingly to take any bid from the seller or any such person; and any sale contravening this rule may be treated as fraudulent by the buyer;

(*5*) the sale may be notified to be subject to a reserved or upset price;

(*6*) if the seller makes use of pretended bidding to raise the price, the sale is voidable at the option of the buyer.

Repeal.

65. Chapter VII of the Indian Contract Act, 1872, is hereby repealed. IX of 1872.

Savings.

66. (*1*) Nothing in this Act or in any repeal effected thereby shall affect or be deemed to affect—

(*a*) any right, title, interest, obligation or liability already acquired, accrued or incurred before the commencement of this Act, or

(*b*) any legal proceedings or remedy in respect of any such right, title, interest, obligation or liability, or

(*c*) anything done or suffered before the commencement of this Act, or

(*d*) any enactment relating to the sale of goods which is not expressly repealed by this Act, or

(*e*) any rule of law not inconsistent with this Act.

(*2*) The rules of insolvency relating to contracts for the sale of goods shall continue to apply thereto, notwithstanding anything contained in this Act.

(*3*) The provisions of this Act relating to contracts of sale do not apply to any transaction in the form of a contract of sale which is intended to operate by way of mortgage, pledge, charge or other security.

Patent to bind Crown.

"21 (1) Subject to the other provisions of this section, a patent shall have to all intents the like effect as against His Majesty the King as it has against a subject.

(2) The officers or authorities administering any department of the service of His Majesty may, by themselves or by such of their agents, contractors or others as may be authorised in writing by them, at any time after the application, and after giving notice to the applicant or patentee, make, use or exercise the invention for the service of the Crown on such terms as may, either before or after the use thereof, be agreed on, with the approval of the Governor General in Council, between such officers or authorities and the applicant or patentee, or, in default of agreement, as may be settled in the manner hereinafter provided. And the terms of any agreement or license concluded between the applicant or patentee and any person other than such officers or authorities, shall be inoperative so far as concerns the making, use or exercise of the invention for the service of the Crown.

(3) Where an invention which is the subject of any patent has, before the date of the patent, been duly recorded in a document by, or tried by or on behalf of, the officers or authorities administering any department of the service of His Majesty (such invention not having been communicated directly or indirectly by the applicant or patentee), such officers or authorities, or such of their agents, contractors, or others, as may be authorised in writing by them, may, after giving notice to the applicant or patentee, make use or exercise the invention so recorded or tried for the service of the Crown, free of any royalty or other payment to the applicant or patentee, notwithstanding the existence of the patent. If, in the opinion of such officers or authorities, the disclosure to the applicant or patentee, as the case may be, of the document recording the invention, or the evidence of the trial thereof, if required, would be detrimental to the public interest, it may be made confidentially to counsel on behalf of the applicant or patentee, or to any independent expert mutually agreed upon.

(4) In the event of any dispute as to the making, use or exercise of an invention under this section, or the terms therefor, or as to the existence or scope of any record or trial as aforesaid, the matter shall be referred to the High Court for decision, who shall have power to refer the whole matter or any question or issue of fact arising thereon to be tried before a special or official referee or an arbitrator upon such terms as it may direct. The Court, referee, or arbitrator, as the case may be, may, with the consent of the parties, take into consideration the validity of the patent for the purposes only of the reference and for the determination of the issues between the applicant or patentee and such officers or authorities. The Court, referee, or arbitrator, further, in settling the terms as aforesaid, shall be entitled to take into consideration any benefit or compensation which the applicant or patentee, or any other person interested in the patent, may have received directly or indirectly from the Crown or from such officers or authorities in respect of such patent:

Provided that, if the inventor or patentee is a Government servant and the subject-matter of the invention is certified by the Governor General in Council or Local Government to be connected with work done in the course of such service, any such dispute shall be settled by the Governor General in Council after hearing the applicant or patentee and any other person having an interest in the invention or patent.

(*5*) The right to use an invention for the services of the Crown under the provisions of this section, or any provisions for which this section is substituted, shall include, and shall be deemed always to have included, the power to sell any articles made in pursuance of such right which are no longer required for the services of the Crown.

(*6*) Nothing in this section shall affect the right of the Crown or of any person deriving title directly or indirectly from the Crown to sell or use any articles forfeited under any law for the time being in force relating to customs or excise

Assignment of patent to the Secretary of State for India in Council.

21A. (*1*) The inventor of any improvement in instruments or munitions of war may (either for or without valuable consideration) assign to the Secretary of State for India in Council on behalf of His Majesty all the benefit of the invention and of any patent obtained or to be obtained for the invention; and the Secretary of State for India in Council may be a party to the assignment.

(*2*) The assignment shall effectually vest the benefit of the invention and patent in the Secretary of State for India in Council on behalf of His Majesty, and all covenants and agreements therein contained for keeping the invention secret and otherwise shall be valid and effectual (notwithstanding any want of valuable consideration), and may be enforced accordingly by or on behalf of the Secretary of State for India in Council.

(*3*) Where any such assignment has been made, the Governor General in Council may, at any time before the publication of the specification, certify to the Controller that, in the interest of the public service, the particulars of the invention and of the manner in which it is to be performed should be kept secret.

(*4*) If the Governor General in Council so certify, the application and specifications, with the drawings (if any) and any amendment of the specification and any copies of such documents and drawing, shall, instead of being left in the ordinary manner at the Patent Office, be delivered to the Controller in a packet sealed by authority of the Governor General in Council.

(*5*) The packet shall, until the expiration of the term during which a patent for the invention may be in force, be kept sealed by the Controller, and shall not be opened save under the authority of an order of the Governor General in Council.

(*6*) The sealed packet shall be delivered at any time during the continuance of the patent to any person authorised by the Governor General in Council to receive it, and shall, if returned to the Controller, be again kept sealed by him.

(*7*) On the expiration of the term of the patent, the sealed packet shall be delivered to the Governor General in Council.

(*8*) Where the Governor General in Council certifies as aforesaid after an application for a patent has been left at the Patent Office but before the publication of the specification, the application and specifications, with the drawings (if any), shall be forthwith placed in a packet sealed by authority of the Controller, and the packet shall be subject to the foregoing provisions respecting a packet sealed by authority of the Governor General in Council.

(*9*) No proceeding by petition or otherwise shall lie for revocation of a patent granted for an invention in relation to which a certificate has been given by the Governor General in Council as aforesaid.

(*10*) No copy of any specification or other document or drawing, by this section required to be placed in a sealed packet, shall in any manner whatever be published or open to the inspection of the public, but, save as otherwise provided in this section, the provisions of this Act shall apply in respect of any such invention and patent as aforesaid.

(*11*) The Governor General in Council may at any time waive the benefit of this section with respect to any particular invention, and the specifications, documents and drawing shall be thenceforth kept and dealt with in the ordinary way.

(*12*) The communication of any invention for any improvement in instruments or munitions of war to the Secretary of State for India in Council or the Governor General in Council or to any person or persons authorised by the Secretary of State for India in Council or the Governor General in Council to investigate the same or the merits thereof, shall not, nor shall anything done for the purposes of the investigation, be deemed use or publication of such invention so as to prejudice the grant or validity of any patent for the same."

Amendment of section 22, Act II of 1911.

16. In section 22 of the said Act,—

(*a*) in sub-section (*1*), for the words " the reasonable requirements of the public with respect to a patented invention have not been satisfied " the words " the demand for a patented article in British India is not being met to an adequate extent and on reasonable terms " shall be substituted;

(*b*) in sub-section (*4*), for the words " the reasonable requirements of the public with reference to the patented invention have not been satisfied " the words " the demand for the patented article in British India is not being met to an adequate extent and on reasonable terms " shall be substituted; and for the words " the reasonable requirements of the public will not be satisfied " the words " the demand will not be adequately met " shall be substituted;

(*ii*) Where the proportionate share of any member of a company in the undistributed profits and gains of the company has been included in his total income under the provisions of sub-section (*2*), the tax payable in respect thereof shall be recoverable from the company and may be recovered from such member, if there are not sufficient funds in the hands of the company to pay the tax, or if the winding up of the company has commenced.

(*iii*) Where tax is recoverable from a company, firm or other association under this sub-section, a notice of demand shall be served upon it in the prescribed form showing the sum so payable, and such company, firm or association shall be deemed to be the assessee in respect of such sum, for the purposes of Chapter VI.

(*2*) If the Income-tax Officer, the Assistant Commissioner or the Commissioner, in the course of any proceedings under this Act, is satisfied that the profits of a registered firm have been distributed otherwise than in accordance with the shares of the partners as shown in the instrument of partnership registered under this Act governing such distribution, and that any partner has thereby returned his income below its real amount, he may direct that such partner shall, in addition to the income-tax payable by him, pay by way of penalty a sum not exceeding the amount of income-tax which has been avoided, or would have been avoided if the income returned by such partner had been accepted as his correct income; and no refund or other adjustment shall be claimable by any other partner by reason of such direction.

GOVERNMENT OF INDIA.

The following Bill was introduced in the Council of State on the 18th March, 1930:—

COUNCIL OF STATE BILL No. 6 OF 1930.

A Bill to amend the Child Marriage Restraint Act, 1929.

WHEREAS it is expedient that due provision should be made for those cases in which parents or guardians may, by reason of their conscience or exceptional family circumstances, have to marry their children or wards before they have attained, if a male, eighteen years of age, or if a female, fourteen years of age; It is hereby enacted as follows:—

1. (*1*) This Act may be called the Child Marriage Restraint Amendment Act, 1930.

(*2*) It shall extend to the whole of British India, including British Baluchistan and the Sonthal Parganas.

(*3*) It shall come into force from the 1st day of , 19 .

2. Whoever, being the parent or the guardian of either of the contracting parties, has obtained an order from the principal Civil Court of original jurisdiction where the said parent or guardian, or either of the contracting parties, resides, permitting him to solemnise a marriage between the parties, both or one of whom are yet children, shall be allowed to proceed with their, or his, or her marriage, as the case may be.

3. The parent or the guardian or either of the contracting parties performing a marriage in the circumstances described in section 2 shall be exempt from the punishment provided for in the Child Marriage Restraint Act, 1929. XIX of 1929.

STATEMENT OF OBJECTS AND REASONS.

The Child Marriage Restraint Act has made no provision whatsoever for cases where for the sake of conscience the parent or the guardian of a child may insist upon performing his or her marriage before the statutory age. Nor has the Act provided for instances where a marriage of a child may have to be solemnised by reason of certain peculiarly exceptional circumstances. It is therefore incumbent upon Legislature to provide for those cases in such an important legislation as affects marital ties. The object of the Bill is to include within the ordinary category cases which are actuated by pure conscience or are the outcome of exceptional family circumstances.

RESOLUTION ON THE WORKING OF UNION BOARDS FOR THE YEAR 1928-29.

GOVERNMENT OF BENGAL.

Local Self-Government Department.

Local Self-Government.

CALCUTTA, THE 5TH MAY 1930.

RESOLUTION No. 1707L.S.-G.

Minister-in-charge: The Hon'ble Kumar Shib Shekhareswar Ray.

Resolution on the working of Union Boards for the year 1928-29.

Number of Union Boards.

With the rapid increase in the number of Union Boards in the last two years it has been found impossible to include reference to these bodies in the Resolution on District Boards as was previously the practice. The difficulty of obtaining and compiling statistics from 4,000 village authorities has resulted in delays which it is hoped to overcome by evolving a smoother routine.

In the Resolution for 1927-28 attention was drawn to the remarkable increase from 2,260 to 3,005 union boards. Progress in 1928-29 surpasses even these figures, the total number of union boards rising to 4,089. There can be little doubt that, though the maximum has by no means been reached the year 1928-29 will represent the sharpest upward movement, and that the curve of annual increase of union boards will now flatten out as completion of the system is approached. The districts to which the increase was mainly attributable were Dacca, Mymensingh in Eastern Bengal, all districts in the Presidency Division except Nadia, and the districts of Dinajpur, Pabna and Malda. In these three districts and in Murshidabad district union boards made their appearance for the first time.

Union Board franchise and elections.

Union Boards are a school of franchise in which the voters on the electoral roll now number 2,293,000; and the importance of the movement in thus extending electoral consciousness to the masses can hardly be over-estimated. As the number of members was 36,363 each voter has on the average something considerably better than one chance in a hundred of entering on the career of village activities which membership of a union board affords. It is to be feared that the keenest enthusiasm over these elections only makes itself felt where personal feuds lie behind, as is reported in Burdan district; and recourse to the civil courts to thwart the election is an unwelcome feature noticed in the 24-Parganas. But on the whole, taking the average of these very numerous local elections the Commissioners' reports show that they functioned as well as could be expected at this early stage.

Popularity of the Union Board Movement.

It is fair to say that the formation of union boards is now generally welcomed except in localities where there are special influences, such as a political campaign, or the hostility of defeated candidates directed to thwarting the movement. The chief danger, apart from political campaigns, lies in the apprehension so often felt that the Union Board means increased taxation. Here and there perhaps the over enthusiasm of supporters of the movement, anxious to see the powers of taxation for improvement made early use of by the new boards, may have contributed to these apprehensions. Any such reaction is to be avoided, and the policy of Government would be rather to let a union board find its own specific needs and then have recourse to section 37 (*b*) of the Act to meet them, than to encourage recourse to this section in order to raise funds for comparatively aimless improvements, the need for which has not yet been appreciated by the villagers contributing to the cost.

Financial Statistics.

The total receipts of Union Boards, excluding opening balances, amounted to Rs. 71,42,000 of which Rs. 53,80,000 was realized on account of the union rate, Rs. 2,29,000 as rents of Chaukidari Chakran lands, Rs. 1,73,000 from pounds and ferries and Rs. 1,14,000 and Rs. 3,37,000 as grants from the District Board respectively under sections 33 and 45 of the Village Self-Government Act.

These figures leave a clear balance of nearly twenty-three lakhs spent by village authorities for the miscellaneous purposes of the Act such as communications, public health and medical relief, water-supply and education. No more striking criterion could be found of the progress made in a single decade in the field of village self-government in Bengal.

Individual Activities of Union Boards.

To those acquainted with Union Board work one of its most noticeable features is the growing touch of individuality which marks so many of these local authorities as their resources and activities expand; and the Minister is glad to find mention of some of the more prominent among them in the Commissioners' reports. In the Burdwan District the Panchra Union Board sank tube wells, reserved tanks and maintained an irrigation channel. The Simulia Union Board opened a dispensary and there are now no less than twenty-one union board dispensaries in this district.

In Birbhum District the Narayanpur and Kusumba Union Boards co operated in the construction of a road with a bridge costing Rs. 1,800. In the Bogra District the Union Boards of Rukindipur and Santahar are specially mentioned for their dispensary services.

Some of the larger union boards show a budget exceeding that of the smaller municipalities. Rampurhat Union Board, for instance, having an assessment list under section 37(*b*) of the Act alone, apart from its chaukidary charges, of Rs. 6,700.

Attitude of District Boards.

With the exception of the district of Bankura in which a deliberate campaign against Union Boards was engineered District Boards were well disposed to the Union Board movement and gave them a fair measure of financial support. There is great disparity, however, in the interpretation by different district boards of their obligation under section 45 of the Act to make a "suitable grant" to union boards raising rates under section 37 (*b*) for purposes of improvement. At the one extreme the District Board of the 24-Parganas made grants of Rs. 36,420 as against union rates under section 37(*b*) of only Rs. 17,134, whereas at the other the Faridpur District Board granted only Rs. 19,321 as against union rates of Rs. 1,26,417. No hard and fast rule can be laid down, but clearly some mean should be followed between these two extremes and District Boards might well consider whether, so far as their resources permit, the principle of approximating their grants to one-third of the rate raised under section 37(*b*) (the usual proportion for a Government grant against local contributions), would not form a useful guide. This would not however preclude District Boards from making a grant to a Union Board on account of efficient administration, even when no rate under section 37 (*b*) has been raised, as contemplated by the rules. The total amount paid by District Boards to Union Boards was just over four lakhs, including Rs. 1,14,000 paid to Union Boards under section 33 for the management of institutions and works transferred to them by District Boards. In addition the Union Boards derived from pounds a total income of Rs. 1,70,085 which till recently constituted part of the assets of District Boards. The ultimate problem in the financial relations of District Boards to Union Boards lies in determining the extent to which the former can transfer to the latter assistance drawn from their inelastic sources of revenue without hindering the proper discharge of their own functions.

By order of the Government of Bengal

(Ministry of Local Self-Government),

C. W. GURNER,

Secretary to the Government of Bengal.

No. 1561Edn. — 26th April 1930. — The report on the Bruce Institution for the year 1929 is published for general information.

A. J. Dash,

Secy. to the Govt. of Bengal.

Report on the Bruce Institution for the year 1929.

I. **Control.**—(1) During the year under review the following were appointed to be Governors:—

(*a*) Mr. W. F. Papworth, *vice* Mr. H. A. Stark, resigned.

(*b*) The Revd. Donald S. McKenzie, officiating Archdeacon, *vice* the Ven'ble C. J. Grimes (Archdeacon of Calcutta), resigned. This appointment was a temporary one, and on Archdeacon Grimes' return from leave he was reappointed Governor.

Mr. H. E. Stapleton, officiating Director of Public Instruction, Bengal, acted as Honorary Secretary of the Bruce Institution throughout the year.

(2) The following were the Governors at the end of the year:—

The Hon'ble the Chief Justice of Bengal (*ex-officio*).

The Most Revd. the Lord Bishop of Calcutta (*ex-officio*).

The Surgeon-General with the Government of Bengal (*ex-officio*).

The Mayor of Calcutta (*ex-officio*).

The Director of Public Instruction, Bengal, Honorary Secretary (*ex-officio*).

The Hon'ble Mr. Justice R. E. Jack, I.C.S.

The Ven'ble John Grimes (Archdeacon of Calcutta).

The Revd. Father F. Keyeux, S.J.

The Revd. E. S. Johnson.

Maurice Remfry, Esq.

W. F. Papworth, Esq. (Inspector of European Schools, Bengal).

Mrs. H. Barton.

II. **Capital and Income.**—The capital of the institution is Rs. 10,46,200 in 3½ per cent. Stock Certificates of the year 1865 which are held by the Controller of Indian Treasuries, while in addition there are temporary investments from savings which stood at the end of the year at Rs. 39,600 (as compared with Rs. 32,600 at the end of 1928). The difference of Rs. 7,000 is due to Rs. 5,000 6 per cent. Bonds of 1930, which had matured, being converted into Rs. 5,200 5 per cent. Loan of 1939-44 and Rs. 300 more of the same loan being purchased (making a total increase of Rs. 500); and to Rs. 9,500 being placed on fixed deposit in November 1929 in the Mercantile Bank of India for three months, as compared with a deposit of only Rs. 3,000 at the end of the previous year. The total interest obtained in 1929 was Rs. 37,930-2-2 (against Rs. 37,828-13-10 in 1928). The total income in 1929 was Rs. 38,186-4-8, including Rs. 256-2-6 by refund, etc., as noted below:—

	Rs.	A.	P.
Refund on account of one ward for half a month	12	8	0
Refund on account of one ward for five months	125	0	0
Refund on conversion of six per cent. Bonds of 1930	82	0	0
Refund on purchase of 5 per cent. Loan of 1939-44 for Rs. 300	7	8	6
Refund of income tax	29	0	0
Total ..	256	2	6

The total income in 1928 was Rs. 37,957-13-10.

The amounts received as interest, etc., were kept with the Imperial Bank of India. During the year the following amounts were transferred to fixed deposit for short periods in order to earn some extra interest: Rs. 6,000 for three months in May 1929 at 3½ per cent. per annum, and Rs. 9,500 in November 1929 for three months at 4 per cent. per annum. The year opened with a balance of Rs. 10,583-3-10 *plus* Rs. 3,000 in fixed deposit, and closed with a gross balance of Rs. 13,328-4-4, of which Rs. 9,500 is in fixed deposit in the Mercantile Bank of India. The nett closing balance therefore was Rs. 3,828-4-4.

During the year it was found necessary to remove six more wards on account of unsatisfactory work, with the result that, for the first time for four years, there was a slight decrease in the total number of wards on the 31st December, as will be seen from the table below:—

1925	89
1926	104
1927	107
1928	109
1929	105

The following table indicates the progress of expenditure during the last five years, as compared with the income:—

	1925.	1926.	1927.	1928.	1929.
	Rs. A. P.	Rs. A. P.	Rs. A. P.	Rs. A. P.	Rs. A. P.

Income ..	37,929 0 0	37,929 0 0	37,931 5 0	37,957 13 10	38,186 4 8

Expenditure ..	36,065 1 2	37,931 15 5	38,099 14 8	38,847 0 2	38,141 4 2
Closing balance ..	14,643 15 3 (+5,247-14-8 purchase of War Bonds.)	14,640 15 10	14,472 6 2	13,583 3 10	13,328 4 4 (+300 0 0 purchase of 5 per cent. Loan.
Total ..	56,856 15 1	52,572 15 3	52,572 4 10	52,430 4 0	51,769 8 6

It will be seen from this summary that, in consequence of various measures taken by the Governors during the year, expenditure was kept within income and the financial condition of the institution considerably improved.

Four of the above mentioned total of 105 wards left at the end of the year, so that at the time of writing (4th March 1930) there were actually 101 + 10 new wards, *i.e.*, 111 wards on the rolls, as compared with 116 on the 12th March 1928.

III. **Election to vacancies, etc.**—(1) The annual election of wards was held on Monday, 2nd December 1929. There were actually 18 vacancies, but, in consideration of the financial position of the Trust, the Governors decided to advertise eight vacancies only, and 51 applications were received. These were considered by a sub-committee consisting of (1) The Revd. Donald S. McKenzie, (2) The Revd. Father F. Keyeux, S.J., (3) The Revd. E. S. Johnson, (4) Mr. Maurice Remfry and (5) Mrs. H. Barton, and, on their recommendation, eight girls were elected, while two were kept as reserves for future vacancies. These two girls were eventually taken in, as it was found that the budget would be able to bear the charge. Of the ten girls thus elected (against 12 in the previous year), four were placed in the Loreto Convent, Entally, two in the Calcutta Girls' High School, one in St. Thomas' School, Kidderpore, one in the Loreto Convent, Asansol, and two in the Pratt Memorial School.

Favourable medical and school reports were received regarding the twelve wards elected in January 1929, and accordingly their admission as wards was confirmed by the Governors at their meeting held on the 2nd December 1929.

(2) Of the 18 wards withdrawn during the year under report, four had attained the age of 17, six were removed from school on account of unsatisfactory progress, seven on the expiry of the extensions granted to them, and one left on account of ill health.

(3) Of the 13 girls who had been withdrawn during the year 1928, five were removed on account of unsatisfactory progress and one for insubordination and misconduct. Of the remaining seven, one left for Rangoon, while the address of two others could not be traced. The fourth joined the Campbell Medical School and Hospital and passed the Primary Licentiate Examination of the State Faculty of Bengal and is now reading in the 2nd year class. The Superintendent (Major Mukherjee, I.M.S.) reports that she is a regular and studious girl. It will take her another three years to complete the full course. The fifth, after leaving school, has been seeking employment, while the sixth, who is still under age, is waiting to be trained as a nurse. The seventh girl, who had left school at the age of 18, joined the Calcutta Girls' School as a pupil teacher.

(4) At the close of the year, the 105 wards on the rolls were distributed as follows:—

Loreto Convent, Entally—	
1st Boarding	32
2nd do.	10
Calcutta Girls' School	17
Pratt Memorial School	2
St. Thomas' School, Kidderpore	12
St. Paul's Mission Home	9
Old Church Parochial Home	4
Loreto Convent, Asansol	13
St. Mary's Convent, Naini Tal	1
Dow Hill Girls' School, Kurseong	1
Queen's Hill Girls' School, Darjeeling ..	2
Bishop Westcott's Girls' School, Ranchi ..	1
Wynberg School, Mussoorie	1
Total	105

(5) The following table gives particulars as to the class and religion of the wards at the close of the year:—

Class.	Roman Catholic.	Church of England.	Non-Conformist.	Total.
Orphans or deserted by their parents	18	10	..	28
Fatherless or motherless or deserted by their father or mother	35	16	11	62
Those who have both parents alive	12	2	1	15
Total ..	65	28	12	105

(6) With the exception of one ward at St. Paul's School and one ward in the Calcutta Girls' School, the general health of the girls on the Foundation was on the whole satisfactory. Four girls suffering with defective sight were supplied with spectacles. Those wards whose teeth required attention duly received it.

IV. **Education and maintenance.**—(1) The nature of the education generally imparted to the wards is that prescribed for a higher grade school under the Code of Regulations for European Schools in Bengal, but in a few cases also that for secondary and primary schools.

(2) The Governors are anxious that their wards should become useful citizens when they leave school and have accordingly asked the Visting Governors to make, in consultation with the school authorities, definite proposals, where this seems desirable, for training wards who have attained or are about to attain the age of 14, so that the last three years of their school life may be spent to the best advantage, and be a preparation for earning a living. A circular on this point was issued last year to the heads of schools where Bruce wards are educated.

(3) During the year under review, one ward passed the I.A. Examination in the first divsion, one the Junior Cambridge Examination with credit, and one the Higher Grade School Final Examination in Domestic Science, with distinction in Needle-work and Home-nursing. One ward obtained a certificate in the Lower Division Musical Examination of the Royal Academy in Pianoforte and Theory—Divsion II., one passed the Higher Grade School Final Examination (Commercial course), and two others obtained the junior certificate, St. John's Ambulance First Aid.

(4) Under the rules, a ward is not ordinarily allowed to remain on the Foundation after the age of 17, when an outfit grant of Rs. 100 is generally given to enable her to make a start in life. In cases where wards wish to be trained as teachers and have the support of the school authorities, or where some special training is recommended, or when a ward is preparing for a higher examination such as Intermediate Arts or Commercial Course examination, and in the event of the ward being reported on well, some extension of the period of benefit is generally allowed. Four wards were granted extensions during the year under report.

(5) The monthly average cost for the education and maintenance of each ward amounted to Rs. 27-8-3 against Rs. 26-11-0 in 1928 in the preceding year.

V. **Inspection.**—The Rev. E. S. Johnson was appointed Visiting Governor for the first half, and Mr. Maurice Remfry for the second half of the year 1929, to visit the schools in Calcutta having Bruce wards. Revd. E. S. Johnson stated that he spoke to each older ward regarding the question of their future, and urged on all of them to give the matter their serious thought. He also stated that he was struck very happily with the interest shown by the heads of the schools in the Bruce wards and believed they are making every effort to co-operate with the Governors in securing the best results. Mr. Remfry reported that he saw all the wards in the different schools and found that they were well-cared for. He found the wards enjoying good health, especially those in the St. Thomas' School, and they seemed happy in their respective schools.

VI. **Meetings.**—Apart from a meeting on 2nd January 1929, deferred from the previous year, four meetings were held during the year, and among the resolutions passed the following may be noted:—

(*a*) That the following be added to rule 4 of the rules prescribed by the Governors:—

"That the education and maintenance fee for the first month should be paid, as, even if the girl who is absent has left, the fee would be due in lieu of notice."

"That in future a budget for the following year be submitted to the Bruce Governors in September of each year" (to enable the financial position to be understood and decision made as to the number of new Bruce wards to be appointed in the following December).

NOTIFICATIONS.

Simla, the 29th April 1930.

No. F.-43/IV-R.-II.—The Despatch from the Secretary of State, No. 1-Accounts, dated the 10th April 1930, with its enclosure, relating to the Indian Civil Service Family Pension Rules, is published for general information:—

To His Excellency the Right Honourable the Governor General of India in Council.

Indian Civil Service Family Pensions: approval of proposals made in connection with valuation as at 31st March 1928. A. G. 2150/30.

MY LORD,

I have considered in Council the replies received from subscribers to the circular letter issued in October last submitting proposals for the distribution of the surplus reported on the valuation, as at 31st March 1928, of the Indian Civil Service Family Pension Scheme.

2. The replies received both in this country and in India, indicate that the proposals are approved by a large majority of the subscribers, and I have therefore decided to approve them without alteration. I summarise below, for convenience, the measures sanctioned.

A. The permanent addition to the basic rate of pensions will in future be at the rate of 33⅓ per cent. in place of 20 per cent. as hitherto.

B. The basic rate of pensions will, until further notice, be subject in addition to a temporary increase of 16⅔ per cent. The total pension payable will thus remain at a rate 50 per cent. above the basic.

C. Monthly contributions will in future be at the following rates, according to the subscriber's date of entry:—

For entrants before 1st April 1916, 75 per cent. of basic rates.
For entrants between 1st April 1916 and 31st July 1925, 87½ of basic rates.
For entrants between 1st August 1925 and 31st March 1928, during first seven years 112½ per cent. of basic rates, thereafter 100 per cent. of basic rates.
For entrants after 31st March 1928, 112½ per cent. of basic rates.

D. Subscribers who entered before 1st April 1910 will be relieved of payment of subscriptions after 25 years' service. This will apply to subscribers who, on retiring under the Premature Retirement Rules, elected to continue subscriptions under options B or C.

E. Subscribers marrying after retirement who take advantage of the provisions of Rule 23 will in future pay in place of the donations on marriage hitherto prescribed in the Seventh Schedule, enhanced donations at a rate £200 in excess of that applicable to subscribers marrying before retirement. The donation will, however, secure pension not only to the wife but to the children, if any, of the marriage. Subscribers who have married after retirement and paid donations for wife and children at the rates hitherto prescribed in Schedule Seven will be entitled to a refund of the amount paid in excess of the new rate, but without interest. Subscribers who have paid donation for a wife but have not reported the birth of a child or children may secure pension for such child or children on paying the difference between the old and the new rates of donation without interest.

Subscribers on active service whose subscriptions cease after 25 years will be liable for the enhanced donations applicable to retired subscribers subject to the provision that the total amount so paid shall not exceed that which they would have paid under the normal rules applicable to Class I subscribers.

F. Pensions will be paid to sons over the age of 24 on production of proof that by reason of physical or mental infirmity they were not at that time or at any subsequent time capable of earning a living.

3. In view of the fact that the Actuary's estimates of cost assume that the changes proposed come into force on 1st January 1930, I have decided that they shall have retrospective effect from that date.

I enclose a copy of a Resolution passed by me in Council making the necessary alterations in the Rules to give effect to the foregoing decisions.

4. I request that you will publish this Despatch, with its enclosure, in the *Gazette of India*, and advise me by telegram of the date of publication.

I have the honour to be,

My Lord,

Your Lordship's most obedient humble Servant,

(Signed) WEDGWOOD BENN.

"(2) Notwithstanding the provisions of Rule 8 there shall be payable on any marriage reported as aforesaid, and subject to the provisions of Rules 11, 14, and 23A, so far as they may be applicable, the donation prescribed in the Third Schedule, the disparity fine specified in the Fourth Schedule, and a further sum of £200.

"(3) A subscriber who has married after retirement but before 1st January 1930, and who has paid donations under the scale then in force to secure pensions for his wife and child or children, shall be entitled to a refund of the amount by which the total of such donations exceeds the sum payable under the Rule as since amended, but without interest; and any such subscriber who has paid a donation for his wife only may at his option secure benefit for his children by the marriage on payment of the difference, without interest, between the donation paid and that payable under the Rule as since amended."

No. 219.—The following Despatch No. 2 (Accounts), dated the 10th April 1930, from the Secretary of State for India, is published for general information:—

Indian Military Service Family Pensions and Indian Widows' and Orphans' Fund: pensions to sons over the age of 21 years who are incapable of earning a livelihood. A. G. 3089/30.

I have recently had under my consideration representations received from subscribers under the Indian Civil Service Family Pension Rules regarding the desirability of providing, beyond the age at which pensions normally cease, for sons who are incapacitated from earning a livelihood. The arguments for such provision being clearly of equal weight in the case of other pension schemes, I requested the Government Actuary, in reporting on the proposal in relation to the Indian Civil Service Family Pension Scheme, to advise at the same time as to the possibility of its adoption in the case of the Indian Military Service Family Pension Scheme, the Indian Military Widows' and Orphans' Fund and the Superior Services (India) Family Pension Fund. After consideration of the experience of the older Funds, the rules of which included in many cases provisions of the type contemplated, Sir Alfred Watson has expressed the opinion that it would be practicable to add a similar provision to the rules of the later Funds, without requiring special contributions, provided that a small reservation was made on the occasion of each valuation to provide for the concession. A proposal to this effect has been circulated to subscribers under the Indian Civil Service Family Pension Scheme in connection with other proposals consequent on the recent valuation; and a resolution in Council making the necessary amendment in the Rules of that Scheme is being forwarded with my Despatch No. 1, Accounts, of to-day's date. In view, however, of the comparative unimportance of the measure from a financial point of view, I have not thought it necessary in the case of the remaining Schemes to await a valuation or to make special reference to subscribers.

2. I have accordingly decided, as regards the two military Schemes, to substitute for Article 20 of the Indian Military Service Family Pension Scheme and Article 21 of the Indian Military Widows' and Orphans' Fund the following:—

"In any case where it is shown—

"(*a*) that a male orphan on attaining the age of 21 is by reason of mental or physical infirmity incapable of earning a livelihood, or

"(*b*) that a male orphan over the age of 21 at his father's death is not then and has not been since the age of 21, capable of earning a livelihood,

the Secretary of State in Council may, at his discretion, grant to such orphan, under such conditions as he may prescribe, a pension of an amount not greater than that payable to daughters over 21 years of age."

The provisions of this Article will have effect from 1st January 1930.

3. I request that this Despatch may be published in the *Gazette of India* on the same day as my Accounts Despatches Nos. 1 and 3 of to-day's date. The latter deals with the provision made for incapacitated sons of subscribers to the Superior Services (India) Family Pension Fund.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 7th May 1930.

Summary.—During the week rainfall was heavy in parts of East and North Bengal and generally light to moderate elsewhere. Field operations for autumn crops are being retarded by heavy rains in places of East and North Bengal; elsewhere satisfactory progress is being made. The standing crops are generally reported to be thriving well. The average price of common rice for the province has risen by about 0·10 per cent. as compared with that of the previous week.

RESOLUTION ON THE SURVEY AND SETTLEMENT REPORTS FOR THE YEAR ENDING THE 30TH SEPTEMBER 1929.

GOVERNMENT OF BENGAL.

Revenue Department.

Land Revenue.

DARJEELING, THE 3RD MAY 1930.

RESOLUTION—No. 299 T.R.

READ—

The Survey and Settlement Reports, for the year ending 30th September 1929.

Lieutenant-Colonel J. D. Campbell, D.S.O., R.E., the Director, Eastern Circle, Survey of India, twice inspected the offices of the Bengal Traverse Party and Bengal Drawing Office. The Governor in Council has noticed with pleasure that Lieutenant-Colonel Campbell was satisfied with the quality of the technical work of the Bengal Survey Department.

2. Traverse survey was done over an area of 676 square miles in Burdwan and 695 square miles in Malda. The area traversed in the Burdwan district was very unhealthy, especially at the beginning of the field season when nearly half of the staff fell ill. In Malda, the area traversed was also very unhealthy and contained a large number of beels which presented many difficulties.

3. The first batch of maps of the district of Malda prepared by the Air Survey Company proved inaccurate and unsuitable, and the commencement of settlement operations in the district had to be postponed until the following year. Government cancelled the agreement with the Air Survey Company and had to revert to the ordinary methods of survey. By February 1929, the Company succeeded in perfecting their technique, an accurate method of sheet reproduction was evolved, and it was decided to take up an experimental area of 130 square miles by air survey Under a fresh contract made with the Company an area of about 104 square miles was surveyed from the air. The photographs of this area which were supplied by the Company were tested by Kanungos and found to be accurate and satisfactory. It can now be said that the air survey methods which have been evolved are accurate and they have the advantage of speed and economy over the ordinary methods of survey.

4. Major settlement operations were in their closing stages in the districts of Khulna and Pabna-Bogra, but were in full swing in Murshidabad-Birbhum, 24-Parganas, Burdwan, and in Chittagong, with different stages of work in progress. Operations were also started in Malda.

5. The total area for which a record-of-rights has been completed is 51,308 square miles out of 65,304 in the province to which the Bengal Tenancy Act applies. The popularity of the record-of rights is fast increasing, and there is a growing demand for copies of khatians and maps which people now take care to preserve. The maps and records have been found extremely useful in every branch of the administration. The improvement in the quality of printed maps was well maintained, they were appreciated and used by the public and the staff of the different branches of the administration.

6. Khan Bahadur M. A. Mumin was in charge of the department up to the 26th March 1929, when Mr L. R. Fawcus, I.C.S., took over and remained in charge for the rest of the year except from 10th August to 9th September 1929, when he was on leave and Mr. B. E. J. Burge, I.C.S., Settlement Officer of the 24-Parganas, officiated for him. The Governor in Council has much pleasure in acknowledging the efficiency and care with which the Departments of Survey and Settlement have been managed in the year under review. His Excellency in Council is also pleased to direct that the good work done by the Survey Officers, Mr. I. Newton and Captain C. B. Sexton, and Settlement Officers, Messrs. J B. Kindersley, B. E. J. Burge, K. A. L. Hill, M. O. Carter and Rai Bijoy Behari Mukharji Bahadur, as also by the other officers mentioned in the concluding paragraphs of the Survey and Settlement Reports, be recorded.

Order—Ordered that this resolution be published in the Gazette

By order of the Governor in Council,

Secy. to the Govt. of Bengal.

DEPARTMENT OF AGRICULTURE, BENGAL.

Final Forecast of the Wheat Crop of Bengal, 1929-30.

Dacca, the 10th May 1930.

(*Note.*—On an average of the five years ending 1927-28, the area under wheat in Bengal has represented some 0·4 per cent. of the total area under wheat in India. The ratio of the irrigated wheat acreage to total wheat acreage in (*a*) British India and (*b*) in the territory now reported on has, in the five years ending 1927-28, averaged at (*a*) 36·9 and (*b*) 11·4 per cent., respectively.)

Character of the season.—In the third forecast issued in April last the weather was reviewed as having been satisfactory for the province. Since then conditions have remained practically unchanged except in the important district of Malda, where insufficient rainfall at the time of maturity somewhat reduced the outturn.

Acreage.—According to the estimates of District Officers, the total area sown is 126,200 acres this year as against 122,900 acres last year.

Outturn.—The provincial outturn as worked out from the district estimates is 81 per cent. of the normal as against 80 per cent. last year. Taking the normal yield to be 8¾ maunds per acre, the gross yield of the crop for the province is estimated at 32,900 tons this year as against 31,600 tons or about 4 per cent. higher than last year.

At the end of April the average wholesale price of wheat at the principal marts of the province was Rs. 6-8-8 per maund or about 6 per cent. lower than the price ruling at the corresponding period of last year. The average wholesale price of common rice at the principal marts, on the other hand, was Rs. 6-0-10 per maund or about 4 and 19 per cent. lower than the prices ruling at the corresponding periods of last year and the year preceding, respectively.

Director of Agriculture, Bengal.

DEPARTMENT OF AGRICULTURE, BENGAL.

Third and Final Forecast of the Spring Oilseed Crops of Bengal, 1929-30.

Dacca, the 12th May 1930.

(*Note.*—On an average of the five years ending 1927-28, the area under linseed in Bengal has represented some 3·2 per cent. and that under rape and mustard 11·7 per cent. of the total area under these crops in British India.)

Character of the season.—As reported in the second forecast wet weather in October somewhat interfered with the sowing operations in parts of North Bengal. Subsequent dry weather was helpful to the growth. Winter rain generally improved the prospects of late crops. On the whole a satisfactory outturn was reaped.

Acreage.—Oilseeds are principally grown in the Rajshahi, Dacca and Presidency Divisions. In the other two divisions the cultivation is small. The total area under these crops (excepting sesamum, for which separate forecasts are issued) is estimated at 868,300 acres this year as against 884,300 acres last year.

Outturn.—From the District Officers' estimates the provincial outturn of the different oilseed crops works out at 85 per cent. of the normal as against 79 per cent. last year.

Taking 5½ maunds as the normal rate of yield per acre for linseed, 6 maunds for rape and mustard and 4¼ maunds for other oilseeds, the total yield of the crops for the province is estimated at 158,700 tons this year as against 149,400 tons or about 6·2 per cent. higher than last year.

	Inches.	Inches.

III. *Measurement of chest.*—The candidate will be made to stand erect with his feet together and to raise his hands above his head. The tape will be carefully adjusted round the chest, with its posterior upper edge touching the inferior angles of the shoulder blades, and its anterior lower edge the upper part of the nipples. The arms will then be lowered to hang loosely by the side, and care will be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to empty his chest of air as much as is possible. This is best done by continuous whistling with the lips as long as sound can be produced. The tape will be carefully gathered in during the process, and when the minimum measurement is reached it will be recorded. The candidate will then be directed to inflate his chest to its utmost capacity. The maximum measurement will likewise be noted. The girth with the chest fully expanded and the range of expansion between the minimum and maximum will then be recorded. In all doubtful cases the functional capacity of the lungs may be tested by means of the spirometer. The minimum vital capacity as tested by the spirometer shall in no case be below 180 cubic inches.

IV. The hearing must be good.

V. The speech must be without impediment.

VI. The teeth must be in good order, *i.e.*, decayed or broken teeth must be properly stopped or crowned, and deficient teeth replaced by artificial teeth, where necessary, for effective mastication.

SCHEDULE IV—*continued.*

Form of medical certificate for candidates for direct appointment to the Provincial Services in Bengal.

The attention of the Medical Board is specially directed to the following :—

No person will be deemed qualified for admission to the service who shall not satisfy Government that he has no disease, constitutional affection or bodily infirmity, unfitting him, or likely to unfit him, for the service. It should be understood that the question of fitness involves the future as well as the present and that one of the main objects of medical examination is to secure continuous effective service, and in the case of candidates for permanent appointment to prevent early pension. It is at the same time to be noted that the question is one of the likelihood of continuous effective service, and that the rejection of a candidate need not be advised on account of the presence of a defect which in only a small proportion of cases is found to interfere with continuous effective

The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India, and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Bengal, Imperial Secretariat Buildings, Calcutta.

RESOLUTION—No. 2082Pl.

Read—

Report of the Special Officer appointed to make an enquiry into the grievances of carters.

In their *communiqué*, dated the 26th October 1929, the Government of Bengal announced the action which they proposed to take in future under the Bengal Cruelty to Animals Act (Bengal Act 1 of 1920) to prevent cruelty to draught buffaloes regarding which there had been considerable agitation, the history of which was given in the above *communiqué*. The decisions arrived at were that (*1*) the use of buffaloes as draught animals should not be allowed between the hours of 12 noon and 3 p.m. during the months of April to September with effect from the 1st April 1930, and (*2*) from the same date the maximum load inclusive of the cart for a two-wheeled cart drawn by two buffaloes was to be reduced from 60 maunds to 45 maunds and for a two-wheeled cart drawn by one buffalo from 25 maunds to 20 maunds. In accordance with that decision notifications Nos. 595 Pl., and 604 Pl., dated the 8th February 1930, were issued under the Bengal Cruelty to Animals Act (Bengal Act I of 1920) introducing the above prohibited period and the change in the maximum weights of the loads with effect from the 1st April 1930.

2. These decisions were arrived at on the basis of the advice given by the then Government Veterinary Adviser and of certain statements of fact made in a representation received from the Calcutta Society for the Prevention of Cruelty to Animals and in a petition presented by a deputation which approached Government in January 1928, the petition containing 16,078 signatures from every caste, creed and nationality in Bengal, and the sole object Government had in view in arriving at these decisions and issuing these orders was to prevent cruelty to buffaloes as draught animals in Calcutta.

3. The above notifications were to take effect from the 1st April 1930, but on that date there was serious rioting by the carters of Calcutta as a protest against these orders and on the 5th April 1930 Government gave an undertaking to the representatives of the carters that Government would make an enquiry into their grievances provided certain conditions were fulfilled. The conditions having been fulfilled Government appointed Mr. W. S. Hopkyns, C.I.E., O.B.E., I.C.S., a Special Officer, to enquire into the grievances of the carters so far as they related to matters under the direct control of Government, and they directed him to make a full enquiry and to submit his report and recommendations as early as possible.

4. Government have now received the report of the Special Officer together with his recommendations, and they are satisfied that the facts elicited during the enquiry make it necessary to revise the decisions announced in the *communiqué* of the 26th October 1929.

5. For from the report of the Special Officer it appears that there is considerable difference of opinion among veterinary experts regarding the degree of cruelty involved in working buffaloes in Calcutta as draught animals and regarding the load which can properly be deemed to be excessive. There is general agreement, however, that it is heat which is the chief cause of the distress of the cart buffaloes and that it is necessary to prohibit the working of these animals during the middle of the day at least during the months of April and May and in June until the rains break.

6. In a letter, dated the 11th June 1927, the Calcutta Society for the Prevention of Cruelty to Animals informed Government that the average life of a buffalo used for carting was six months, and this statement was repeated in the petition presented to Government in January 1928 by a deputation which approached Government on the subject of the prevention of cruelty to buffaloes. The Special Officer has reported that he had an investigation made to see how far these statements of fact which were in part the basis of the decisions taken by Government not only to prohibit the working of buffaloes between certain hours during certain periods of the year but also to reduce the maximum load were correct. This investigation has shown that although many animals may die in six months or less from contagious diseases and other similar causes the statement made by the Calcutta Society

for the Prevention of Cruelty to Animals and the memorialists that the average life of a cart buffalo is six months is incorrect. On the other hand the statement made by the carters that the animal works for nine or ten years was found to be most certainly exaggerated. The final conclusion of the Special Officer is that there is no doubt that a buffalo which escapes death from contagious diseases and such causes ordinarily survives for a number of years.

7. An investigation was also made into the amount of the maximum load that could be pulled without undue strain by a pair of buffaloes in good condition and it was found that a load of 60 maunds including the weight of the cart was not excessive and did not in itself involve cruelty.

8. The Special Officer has, therefore, recommended that the orders issued in February 1930 should be revised and that the maximum load including the weight of the cart for a cart drawn by two buffaloes should remain at 60 maunds and that it is unnecessary to enforce the stoppage between 12 noon and 3 p.m. save during the months of April and May and in June until monsoon conditions are established. In periods of excessive heat it might also be necessary to have a period of stoppage during the month of September.

9. After careful consideration the Government of Bengal have decided that as their previous decisions were based on data the correctness of which they had previously no reason to question but which now appear to have been incorrect, the orders issued in notifications Nos. 595 Pl. and 604 Pl., dated the 8th February 1930, shall be modified and that revised notifications shall issue prescribing (*1*) that the maximum weight of the load to be carried in a two-wheeled cart drawn by two buffaloes shall be 60 maunds and in similar carts drawn by one buffalo 25 maunds, (*2*) that the prohibited period for the employment of buffaloes as draught animals will be between the hours of 12 noon and 3 p.m. during the months of April and May and in June until the rains break The date on which this prohibition will cease to be in force will be announced each year by a notification. To avoid uncertainty as far as possible they have decided not to make any provision for a period of stoppage during excessive heat in September.

10. The Special Officer has also recommended that a committee shall be appointed to investigate the following questions:—

(*i*) Whether the arrangements for resting and parking places for buffaloes and carts during the midday stoppage are adequate and consistent with the convenience of traffic, and if not, what action should be taken?

(*ii*) Is adequate accommodation provided for carts at the principal places where carts get their loads and if not, what improvements are required?

So long as the Commissioners deem it practicable and consistent with the maintenance of an efficient water-supply, they may allow any owner or occupier of a holding paying a water-rate imposed under the provisions of Part VII of the Bengal Municipal Act, 1884, on the annual value of such holdings, when such annual value is not less than Rs. 150, to lay down communication-pipes from the service-pipes of the Commissioners for the purpose of leading water to such holding for *domestic purposes only*, subject to the following rules and conditions:—

NOTE.—These rules shall not apply to connections made to railway or commercial concerns, for which special provisions shall be made in each case by the Commissioners at a meeting, subject to the approval of Government.

1. The owners or occupiers of masonry buildings requiring water to be laid on to such buildings for domestic purposes, or requiring any addition or alteration to the existing connecting pipes or taps, must apply for the same on a printed form, prescribed by the Commissioners.

2. A fee of Rs. 100 must be paid to the Commissioners by such owner or occupier for each connection to a municipal main supply-pipe or a common communication-pipe, laid in accordance with rule 3, before any work is commenced, such fee being in addition to all other costs and charges imposed under these rules.

3. Except as provided below, each holding must have a separate connection to the municipal main supply-pipe, and extension from the communication-pipe of one holding to another holding shall not be permitted.

Provided that, with the approval of the Commissioners in meeting, connections to two or more holdings may be permitted from a common communication-pipe. Any such communication-pipe must be laid in street or a common passage, and a stop-cock and meter, as provided for in rule 7, must be fixed on the connection to each holding.

Provided also that no holding shall have more than one separate connection.

5. The owner or occupier of the holding to which a connection has been given must, at any time, on receipt of notice to do so from the Commissioners, pay the entire cost of any repairs or alterations to the connection or any part thereof that the Commissioners may consider necessary to put it into satisfactory condition, or which may be necessitated by any change in the municipal water-works, or system of distribution, or by the defective condition of the connection, or any part thereof, or by any other cause whatever.

6. (*1*) The works required under rules 4 and 5 may, at the option of the Commissioners, either be carried out by the Commissioners themselves at the expense of the owner or occupier of the holding, in respect of which the works are required, or may be carried out by a person or firm employed by such owner or occupier and approved by the Commissioners.

(*2*) In either case the works must be done under the supervision of an officer appointed by the Commissioners in this behalf, and no connection must be made with the municipal water-main, except at such time as may be fixed, and in such position as may be selected by the aforesaid officer.

7. A holding connection shall comprise the following parts or fittings:—

(*e*) Service-pipes from the stop-cock to the tap.

(*f*) Taps.

8. (*1*) All the fittings, referred to in rule 7, shall be exact duplicate of standard samples kept in the office of the Commissioners, and approved by them at a meeting.

(*2*) All fittings shall be inspected and tested and stamped by an officer of the municipality authorised for the purpose, before being fixed.

(*3*) If any owner or occupier desire to adopt any fitting of a pattern different from the standard patterns, he must present such fittings for the approval of the Chairman, and any fittings so presented may, if considered satisfactory by the Chairman, be stamped, and samples thereof may be purchased and placed among the standard fittings.

9. The holding connection, when fitted in position, must be capable of standing a presure of *100 feet*, and no water shall be supplied until this test has been applied by the Commissioners.

From Rs. 6,000 and over an extra tap for every additional Rs. 2,000 or part thereof, and when necessary, with the approval of the Commissioners in meeting, a corresponding increase in the size of ferrule and in the diameter of the connection pipe may be allowed.

11. (*1*) On every communication-pipe a brass or gun-metal stop-cock having the same water-way as such pipe shall be placed as near as practicable to the point where that pipe enters the holding to be supplied.

(*2*) The stop-cock shall be built in a brick chamber provided with a cast-iron surface cover-box so designed that it can be locked, and the key of this box shall remain under the control of the Chairman.

(*3*) The stop-cock shall be capable of adjustment so that the supply to the holding may be regulated thereby.

(*4*) Whenever a communication-pipe is laid across a sewer or open drains or in any place where, in the opinion of the Commissioners, it is liable to injury, such pipe must pass through an exterior cast-iron pipe of sufficient length and strength to afford protection to it.

12. (*1*) The meter shall be placed as near to the stop-cock as possible and in a position where it can be conveniently examined.

(*2*) The meter must be fixed in a brick chamber covered over with a cast-iron surface-box of approved pattern.

(*3*) Subject to the provisions of rule 14 no meter must be touched or interfered with in any way, except with the permission of the Commissioners.

13. Neither the stop-cock nor the meter must be placed in any private premises.

14. The Commissioners shall depute an authorised person to read every meter not less than once a quarter, and shall give notice to the occupier at least 24 hours beforehand. The hour at which the reading is to be recorded shall be stated in the notice. If the owner or occupier of a holding or his agent is not present on the spot, at the appointed hour, the reading, taken by the officer deputed by the municipality, will be binding on such owner or occupier.

15. In the event of a meter ceasing to register the quantity of water consumed during the period the meter stopped will be calculated on the average consumption of the holding for the last four quarters.

16. (*1*) Every owner or occupier of any building, in respect of which a connection has been made under these rules, shall be entitled to a supply of—

(*a*) 1,800 gallons of water per quarter for each four annas, and

(*b*) a further proportionate quantity of water per quarter for every additional four annas or a fraction thereof, paid by him quarterly as water-rate in respect of such holding.

(*2*) For all water in excess of the amount allowed under sub-rule (*1*) each owner or occupier shall be charged quarterly as follows:—

(*a*) For any excess quantity of water not exceeding one-half of the prescribed quantity as in sub-rule (*1*)—6 annas per 1,000 gallons.

(*b*) For any excess quantity of water exceeding one-half of the prescribed quantity, but not exceeding that quantity—12 annas per 1,000 gallons.

(*c*) For any excess quantity of water exceeding the full prescribed quantity as noted in sub-rule (*1*)—Re. 1-8 annas per 1,000 gallons.

or any multiple thereof according to the quantity in excess.

17. The Commissioners may cut off the connection between any waterworks of the municipality and any holding to which water is supplied from the municipal mains, or may turn off such supply in any of the following cases:—

(*a*) If the holding is unoccupied.

(*b*) If the occupier of the holding refuses to admit any officer, duly empowered in that behalf, into the holding for the purpose of making any examination or inspection authorised under this Act or under any by-law or rule framed under this Act, or prevents such officer from making such examination or inspection.

(*c*) If the owner or occupier of the holding touches or interferes with the meter in any way, except with the permission of the Chairman, or wilfully or negligently injures or damages it.

(*d*) If the owner or occupier of the holding wilfully or negligently permits waste of water in such volume as will, in the opinion of the Chairman, endanger the water-supply in the neighbourhood, and does not remedy the defect forthwith.

(*e*) If the owner or occupier of the holding refuses or neglects to pay any of the fees or charges imposed in accordance with those rules within one month, after he has been served with a notice of demand for the same.

(*f*) If the owner or occupier of the holding constructs or fixes any cisterns, tanks, reservoirs, taps, pipes or any other works directly connecting with the water installation, not authorised by these rules, except with the special permission of the Commissioners at a meeting.

(*g*) If the pipes, taps, ball-cocks, cisterns or any other parts of the connection are, in the opinion of the Commissioners, in a leaking condition or in a state of disrepair.

Provided that such disconnection turning off water-supply shall not relieve any person from any liabalities which he may have incurred under these rules.

In the circumstances contemplated in clause (*d*), an officer authorised by the Commissioners in this behalf, by a general order, shall have the power to turn off the supply for a period not exceeding eight hours on his previously recording his reasons in writing, and a copy of the reasons recorded shall be supplied to the owner or occupier.

18. Every tap shall be of the same size as the pipe to which it is attached and shall be of brass and of the pattern known as "Screw Down" or push-cock. Every tap shall be at least three feet above the ground level.

19. No cistern, tank or reservoir of any description which is intended to be supplied with water from the municipal waterworks shall be permitted to any holding except with the sanction of the Commissioners in meeting, and such sanction shall distinctly specify the dimensions and capacity of the cistern, tank or reservoir allowed. The inlet to every such cistern, tank or reservoir, must be controlled by an efficient ball-cock, so that the discharge thereinto is completely stopped, when the cistern, tank or reservoir is full. Any tap fed from such cistern, tank or reservoir must be included in the number of taps allowed under rule 10.

20. No connection shall be permitted to any holding unless and until the owner or occupier makes effective provision to the satisfaction of the Commissioners for draining all waste water away.

Simla, the 24th May 1930.

No. 403-M. I./30.—The following report of inspection of the Indian Mercantile Marine Training Ship "Dufferin" by the Governing Body of the Ship is published for general information:—

'In accordance with Rule 10 of the Rules of Management, the Governing Body made a formal inspection of the Training Ship "Dufferin," on March the 25th, prior to their sixteenth meeting, when the following were present:—

Rear Admiral H. T. Walwyn, C.B., D.S.O., R.N., *Chairman.*
Sir Leslie Hudson, Kt.
M. A. Master, Esq., B.A., LL.B.
Kaikobad Cowasjee Dinshaw, Esq., J.P.
Syed Munawar, Esq., B.A., J.P., M.L.C.
R. H. Beckett, Esq., C.I.E., I.E.S., D.P.I.
Walchand Hirachand, Esq., C.I.E.

2. There were 97 cadets in training.

3. The health of the cadets was good, though just previously there had been a mild outbreak of influenza. All had recovered on board, except one cadet. This boy had been placed in hospital ashore, and was convalescent.

4. The shade deck had been painted green to lessen the glare and this alteration was a decided improvement. The "Dufferin" had been dry docked in January, for bottom-cleaning and removal of the propeller blades.

5. The site for a workshop on the Port side of the Main deck for the cadets had been cleared and was in partial use as a carpenter shop prior to the erection of the workshop.

6. The "Dufferin" was in clean and hygienic condition, with the small number available for upkeep it is highly creditable to see how well the ship is kept.'
